Establishing Indiana Bell service at your home

Call your Business Office

Service Representatives in your Business Office can help with orders as well as billing matters, rates, and inquiries or complaints (other than repair). Our representatives and their supervisors are there to see that you are completely satisfied.

Information needed for your order

1. Complete street address (apartment number if applicable).
2. The type of home telephone service you want.
3. How you would like your directory listing to appear.
4. Information about previous telephone service.
5. Other credit information, including employment.

A deposit may be required

If you have a satisfactory payment record for telephone service within the last two years, you may not be asked to pay a deposit. If you have not had previous telephone service, you may be required to pay a deposit to obtain service.

A deposit ordinarily will be two months' estimated billing for your local and long distance service.

As an alternative to paying a deposit, you may provide a letter from another customer guaranteeing your account if that customer has established credit with us and his/her guarantee is acceptable to the company.

An advance payment may be required

When you order new service, you may be required to make an advance payment to cover the installation charges. If you make an advance payment, it will be subtracted from your first month's bill.

Deposits earn 6% interest

Deposits earn interest from the date of deposit at the rate of 6% per annum. However, a deposit is refunded after 9 months if your phone bills are paid by the date listed on the bill. The deposit is held as security if credit has not yet been established. If telephone service is disconnected, your deposit with earned interest is applied to your final bill.

Prompt payment means good credit

Your credit standing is determined by your promptness in paying your telephone bill. Payments should be received at the telephone company by the payment date on your bill. No telephone credit information is given out to other businesses.

Charges to install and change your service

The one-time charges to install or change your service may vary, depending on the type of work that is done. Here is how we figure the charges.

Consumer rights

How to complain

Your Service Representative has a basic responsibility to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor. If your problem can't be solved by the supervisor, ask for the Manager or higher levels of management.

If you are not satisfied you may file a formal complaint or a request for a conference with the company in person, by telephone, by letter or by using a complaint form available from the company or the Public Service Commission of Indiana. The company will promptly investigate your complaint and contact you regarding its solution. No service will be disconnected for at least 10 days after the company has notified you of its disposition.

If you are still not satisfied you may appeal your case to the Public Service Commission of Indiana for an informal review. The request to the commission should be made in writing within 7 days following the date the company's notification was mailed to you and should indicate that a copy is being sent to Indiana Bell. Your request should be mailed to:

Public Service Commission of Indiana

Attn: Consumer Affairs Director
901 State Office Building
Indianapolis, IN 46204

The commission shall provide an informal review within 21 days, with a full written decision mailed to you and the telephone company no later than 30 days after receipt of your request.

How to get credit for loss of service

If you are unable to make or receive calls and your phone is out of service more than 24 hours after you have reported it, you are entitled to credit on your next bill for the local service charges. Call your Service Representative if you do not receive credit.

Reviewing Tariffs and Rules and Standards for Telephone Utilities

Tariffs which show telephone rates, and regulations, and Rules and Standards of Service for Telephone Utilities, as approved by the Public Service Commission of Indiana, are available in our Business Offices and PhoneCenter Stores for public inspection.

Consumer responsibilities

Providing your own equipment

Under the Federal Communications Commission's registration program, you may supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network.

The equipment must be approved by the FCC and you are responsible for its proper connection, maintenance and repair. FCC rules also require that you notify the telephone company before connecting your equipment.

Private equipment may not be connected to coin phone service and party lines.

Yield a party line in an emergency

State law requires you to yield a party line immediately when told the line is needed for an emergency. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine or not more than \$1,000 or imprisonment for a term not exceeding 180 days or both.

For your protection

Our employees carry company identification cards

For your safety every Indiana Bell employee is required to carry an identification card showing his or her name, and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

Recorded calls require a beep tone

If your conversation is being recorded for business or other reasons you will hear a beep tone every 15 seconds. Use of a recorder without a recorder-connector containing a beep tone warning device is not permitted, except on emergency reporting systems, including police and fire department lines.

Unlawful wiretapping is subject to prosecution

It is a crime under federal law for any person, including a telephone subscriber, to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one of the parties actually participating in the call. Properly authorized law enforcement officers can engage in interceptions without the consent of either party when proceeding under court orders issued pursuant to applicable provisions of federal law. Under federal law, the penalty for illegal wiretapping can be imprisonment for five (5) years, a \$10,000 fine, or both.

QUESTIONS ABOUT YOUR BILL

How am I billed?

Charges for your local service and equipment are billed one month in advance. Message units, long distance and telegrams are billed from the last bill date through the day prior to the current bill date; charges for installing or changing equipment are billed the same way.

How is my bill date determined?

Your billing date is determined by your telephone number and is the same date each month. It is shown on your bill.

When will I receive my bill?

You should receive your bill approximately 10 days after your billing date.

What is the Past Due After Date?

This is the date by which Indiana Bell should have your payment and is printed on your bill. It is 24 to 28 days after your billing date.

(NOTE: If the payment is made at other than an Indiana Bell Office, allow a few days to ensure that it reaches the company by the past due after date.)

What happens if I can't pay my bill on time?

If you can't pay by the Past Due After Date call your Service Representative. We may be able to make payment arrangements in case of illness or other circumstances beyond your control.

Indiana Bell does not apply an extra charge for bills paid after the past due date, but repeated late payments may impair your credit record with us. You may be requested to pay a deposit or an additional deposit as a result of late payments. Late payments may also result in your phone service being disconnected.

What should I do about questions or mistakes on my bill?

Call your Service Representative who can answer questions, investigate possible errors and provide information about bills. Your Service Representative's telephone number is on your bill.

How can I get service restored if it has been disconnected for nonpayment?

All charges billed for service must be paid before your service can be reconnected. You will also have to re-establish your credit and, as a result, a deposit will probably be required.

You must also pay a charge to have your service reconnected. The cost would be \$5.00 if the bill is paid in full within ten calendar days after disconnection. Beyond the ten calendar days, the charge would vary from \$19 on up based on the type and amount of work.

WHERE TO PAY YOUR BILL

A return envelope is included with each monthly bill. Please include our copy of the bill with your payment or note your telephone number on your check. If the return envelope is not available, address payments to:

Indiana Bell Telephone Company
Post Office Box 7091
Indianapolis, Indiana 46207

You can pay your bill at the locations shown below. When payment is made in person, please present pages 1 and 2 of the bill.

Payment locations:

Charges for Directory Assistance

Indiana Bell customers have a basic five-call allowance each month for calls to local Directory Assistance (1 + 411). Up to five additional calls to 1 + 555-1212 are allowed if the requests are offset by billed customer-dialed long distance calls within the home area code during the same monthly period. Directory Assistance calls over the allowance cost 20 cents each. Directory Assistance placed through the "0" Operator cost 40 cents each.

Directory Assistance charges do not apply to calls from hospitals and coin telephones. There is no charge for Directory Assistance calls outside the customer's home area code.

Visually and physically disabled persons who cannot use the telephone directory may apply for exemptions from these charges through the Business Office.

Business customers with PBX service are allowed five calls monthly per trunk to local Directory Assistance (1 + 411). Up to five additional calls to 1 + 555-1212 are allowed if the requests are offset by billed customer-dialed long distance calls within the home area code during the same monthly period.

Five ways to save on Directory Assistance charging

1. Use the directory. Most calls to directory assistance are for numbers which are listed.
2. Write down the numbers that you call frequently. You may wish to circle or underline a number in your directory to quickly find the number a second time.
3. To get the telephone number of someone who has recently moved, call the old number. A new number reference is generally provided.
4. You can save the inconvenience of a second call to Directory Assistance if you can supply complete information the first time: exact location, accurate spelling and full names.
5. If you are not sure of the name or spelling of a restaurant, theater, store, union or business, check the Yellow Pages under the appropriate heading.

How to obtain directories

Additional directories or directories for other areas may be obtained by calling your Business Office. In some cases a charge may apply for out-of-town directories.

Errors in directory listings

Every effort is made to make the directory as accurate as possible. The company is not liable for damages resulting from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

If your listing is incorrect or omitted from this directory, please contact your Business Office. We will correct our records to assure that such an error or omission does not recur.

How to find names in the directory

Check alternate listings

"John James Company" might appear as "James John Company."

James John Co	Jensen A R
John James Co	Johnson C L

Disregard ampersands (&), hyphens (-)

Look up the listing as if it were two or more separate words.

King & Co	King John L
King-Masters Co	Kingston Paul

Disregard apostrophes

If you want the number for "Bob's Place," look for it as Bobs Place." Also, what you may think of as "Smith's Toy Shop" may actually be listed as "Smith Toy Shop."

Bob Shop	Bob's	Bob's Place
----------	-------	-------------

Government listings follow name of state, county or city

For federal agencies look under "United States Government." State, county and city government listings are alphabetical.

Anytown, City of
Centennial, County of
Indiana, State of

Initials precede first names

For example, "Jones, A" comes before "Jones, Albert."

Jones A	Jones A A	Jones Albert
---------	-----------	--------------

Letters used in names

Names consisting of all capital letters such as radio and TV stations are listed at the beginning of the section.

W Ace Sales	WABD
W&W Appliance	Wabash, D

When letters precede a full name, also check the beginning of the section. For example, "A-1 Garage Inc" would be among the first listings in the "A" section.

A-1 Garage Inc
A&M Sandwich Shop

Numbers are spelled out

If used as names, numbers are alphabetized as if the word were spelled out. For example, to find "21 Cleaners" look as though it were listed under "Twenty-One Cleaners."

Twelves M A	21 Cleaners
Twenty-One Market Bldg	
Two by Six	Twohy R M

Prefixes in names are alphabetized

For example, "MacNeil" follows "Macnab" and "Macoy" follows "MacDonald."

Mac Tool Sales	MacDonald J B
Mac's Auto Inc	McDonald W E
Mead Albert	

Spell out abbreviations

Certain abbreviations are listed as if the word were spelled out. For example, "St. James Hospital" is alphabetized as "Saint James Hospital."

Sainpolis Jane	St. James Hospital
Sais John	Sala E C

Spelling variations are cross referenced

Cross references are sometimes shown in the directory for names which are pronounced the same but spelled differently. Shaffer for example can appear as "Schaefer," "Schafer," "Schaffer," or "Shafer."

SHAFFER — see also
Schaefer, Schafer Schaffer, Shafer

"The" usually follows a company name

For example, "The Brown Fabric Company" would be listed as "Brown Fabric Company, The."

Brown F D	Brown Fabric Co, The
Brown Frank	Browne B A

Dialing direct costs less

By dialing your own long distance calls, you will pay the lowest rate and pay for only the minutes you talk (one-minute minimum).

To place a direct-dialed call:

within your area, dial

1 + the telephone number

outside your area, dial

**1 + the Area Code
+ the Telephone number**

Credit for poor connections or wrong numbers

When you dial long distance and reach a wrong number, have a poor connection or other problems, hang up and dial "O" (Operator), right away. Explain what happened so the Operator can arrange for the proper credit. The faster the problem is reported, the easier it will be to give you credit.

If you have trouble dialing directly, call the Operator and explain the difficulty. The call will be placed for you, and you will be charged at the direct-dialed rate.

Operator-assisted calls cost more

Long distance calls requiring an Operator are more expensive. The minimum charge for an operator-assisted call within Indiana is two minutes. Calls to other states are three minutes. Calls placed from hotels and coin telephones as well as the types of calls listed in the next column are all operator-assisted calls.

To place an operator-assisted call:

within your area, dial

0 + the telephone number

outside your area, dial

**0 + the Area Code
+ the telephone number**

Types of operator-assisted calls**Collect calls**

You may call collect if the person or firm you are calling agrees to pay the charges. Dial the call and when the Operator comes on the line, say you're placing a collect call and give your name. The Operator will leave the line when the person you've called accepts the charges.

Credit card calls

If you have a telephone credit card you can have long distance calls charged to your regular monthly telephone bill. Dial the call and when the Operator comes on the line, say you are placing a credit card call and give your credit card number. Credit cards may be obtained from your Business Office at no charge.

Third-number calls

You may have long distance charges billed to an authorized third telephone number. Dial the call and when the Operator comes on the line say you'd like to charge your call to a third number and give the Operator that number including the Area Code.

Time and charges

When placing a long distance call you may ask the Operator to tell you the length of time you talked and how much

it cost. Dial the call and when the Operator comes on the line say that you will want time and charges when the call is completed.

Person-to-person calls

This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number. Dial the call and when the Operator comes on the line, say you are making a person-to-person call and give the name of the person you want to talk to. The Operator will leave the line when the person you're calling has answered the telephone.

**"800" WATS telephone numbers**

Long distance calls can be made without charge when calling those businesses and people who have "800" WATS numbers. They offer this service to customers calling for specific locations.

To call an "800" number dial:

1 + 800 + the telephone number

You can get the telephone numbers of those businesses and people who have "800" numbers by dialing:

1 + 800 + 555-1212

Mobile and marine calls

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships which have phones. Calls can be completed by dialing direct or calling the Operator. For information on other communication companies look in the Yellow Pages, under the headings of "Paging and Signaling" and "Radiotelephone Communications."

Conference calls

You can talk with several people in different places at the same time by dialing the Operator and saying you wish to make a conference call. Give the Operator the names and telephone numbers of the people you want to talk to. You may want to arrange a calling time in advance.

International calls

You can call practically anywhere in the world by dialing the Operator. However, some customers can dial overseas calls directly to many countries.

Lowest rates — dial-direct one-minute rates

Dial-direct calls are those completed from a residence or business phone without operator assistance.

On dial-direct calls, **you pay only for the minutes you talk.** The initial rate period is **one minute** any time of day or night.

Additional savings apply evenings, nights and weekends.

Indiana Area Codes

Each area has a three-digit Area Code. The Area Code for this directory is indicated on the front cover and on your telephone.

The Area Code of the telephone you are calling should be dialed, or given to the Operator if it is different from the Area Code of the telephone you are using. It should not be used if both Area Codes are the same.

When you give someone your telephone number, include your Area Code — it might be needed to place a call to you.

Consult Area Code list on page that follows for specific cities not indicated on these maps.

If you want the Area Code for a place not listed, dial the Operator.

Use left-in equipment

If the telephones have been left by the last resident of your new home or apartment and you are satisfied with them, be sure to mention this to the Service Representative when you order your telephone service.

Choose a one-time payment plan

If you plan to stay in your home for several years, you may save money by making a one-time payment on either the Princess® or Trimline® telephone rather than a monthly charge. You may choose the one-time payment plans of \$50.00 for the Princess or \$90.00 for the Trimline. If you prefer this one-time payment plan, which is non-refundable, please mention this to your Service Representative.

Install everything at once

Every time you have telephones installed or service changed certain one-time charges apply. Save money by having all installation work done at one time.

Letter of guarantee instead of deposit

You have the option of providing the telephone company with a letter from a person or firm with established telephone credit willing to guarantee payment of your bills. This can be used instead of a deposit.

Take and save when moving

If you are moving, ask your Service Representative about our Set Recovery Plan. You may save \$4 for each telephone you return to us or reuse at your new location.

Ask for a pay phone refund

If one of our pay phones collects your money but you don't talk to anyone, report it by dialing the "0" (Operator) from another phone. We'll see that the phone gets fixed and mail you a refund.

Make special arrangements when you go on vacation

If you are going to be gone for one month or more, call your Service Representative to have your phone put on vacation rate service. The vacation rate is lower than most regular rates and may save you money, although there is a charge for this service. Your calls may be referred to another number while you are away for an additional charge.

Schedule and plan your calls

If you call someone frequently, try to set a specific time when he or she will be there to receive your long distance call. That way, you can always call station-to-station and save. Plan the things you want to say to save calling time.

Look in the book

You can avoid Directory Assistance charges by looking up your own numbers in the directory. Also, jot down frequently called numbers and keep them next to your telephone.

Dial direct and save

It costs less when you dial long distance calls yourself.

Collect, credit card and coin phone calls require the services of an Operator; so do requests for time and charges and calls billed to another number. Calling person-to-person always costs the most.

Extra equipment costs more

If you're on a limited budget, consider having only one rotary dial phone for your home. Telephone service without Touch-Tone dialing, extension phones, or additional services saves money. You still have a variety of colors and wall or desk models to choose from at no extra charge.

Call during bargain times

Rates on direct dial long distance calls are lower during evening, night and weekend hours. Also, take advantage of holiday rates on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day.

1. Tell the people what you will do for them. How you're different.

2. Be under the proper headings so people can find you fast. Should you be under more than one heading?

3. Use your logotype to gain recognition. Give facts about your qualifications.

4. Tell people about your special services . . . repairs, rentals.

5. List the products you carry.

6. Tell how easy it is to deal with you . . . credit, parking, hours, delivery.

7. Give telephone number and address, and if you're hard to locate, give directions.

WHO USES THE YELLOW PAGES? JUST ABOUT EVERYONE.

*Based on an independent survey conducted by
Chilton Research Services

4 OUT OF 5 ADULTS USE THE YELLOW PAGES... to locate a product or service. That's 112 million people or over 80% of the adult* population.

AND THEY USE THE YELLOW PAGES FREQUENTLY... over a 12 month period, Yellow Pages users averaged almost 34 references each, or more than 3.9 billion references.

AND 9 OUT OF 10 TIMES THE YELLOW PAGES GET ACTION... 84% of all references were followed up by a visit, a phone call, or a letter.

THE YELLOW PAGES BUILD BUSINESS SALES... 38% of the Yellow Pages references were for business use.

THE YELLOW PAGES BUILD CONSUMER SALES... 62% of all references were for personal use.

PEOPLE WHO KNOW YOU PREFER TO FIND YOU IN THE YELLOW PAGES... 43% of the references were to the Yellow Pages instead of the white pages even though the name was known.

BUT HALF THE PEOPLE WHO USE THE YELLOW PAGES ARE LOOKING FOR ANYONE... 51% of the references were made without the name in mind.

Reach out and touch someone.

A one . . . and a two . . . and there goes the closing number from the school pageant shuffling off to Buffalo. Or to Toledo. To wherever Mr. Show Biz happens to be hanging his top hat this week. You'll never get him to stay put. But with a call now and then you keep him close. Stay close to your faraway family and family of friends.
