## Changing to meet tomorrow's challenges

In our business of providing telecommunications service, sweeping changes in technology, customer needs, and even in our corporate structure are sometimes necessary for progress.

What makes these changes beneficial to you? It is those things that remain constant: technical excellence, sound, progressive management, the financial strength to keep us on the leading edge of applied technology, and dedicated people with the skills to solve your communications problems.

We're a changing company facing the challenges of a changing world. We're up to the challenge.

*Tiny microprocessors (enlarged in background) switch telephone calls.  
One can do what a roomful of computers did in the 1950's.*

Or dial "0" (Operator)

Stay on the line. If you cannot stay on the line, give the Operator the street address and community where help is needed.

Indiana Bell is pleased to pay tribute to the Indianapolis Museum of Art during its 100th anniversary year by displaying an oil painting from the museum's permanent collection on the cover of this directory. The painting, "A June Idyll," is by T. C. Steele, generally considered dean of a group of turn of the century artists known as the Hoosier group.

compiled by the Culver Union Township United  
Fund and is published in this directory by Indi-  
ana Bell as a public service.

## Establishing Service

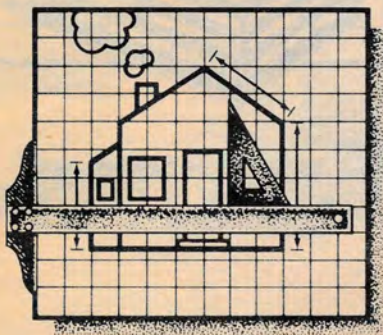

A Service Representative in your Business Office can help with orders for service, rates, inquiries or complaints (other than repair). Dial the number shown on page 1 for the service you need.

We can also install your inside wiring, but you have the option to do your own wiring, or to hire another vendor.

If you want information about telephone sets or other types of equipment, contact a retail supplier of your choice. Look in the Bell Yellow Pages under the heading, "Telephone Equipment & Systems" for more information.

### Information needed for your order

1. Complete street address (apartment number, if applicable).
2. Your choice of the telephone service and options which are available in your area (see page 6).
3. How you want your name to appear in the next issue of the telephone directory.
4. Information about previous telephone service and other credit information, including employment. (No telephone credit information is given out to others without your permission.)

### Prewiring a new home or addition

If you are building a new home or remodeling we can install telephone wires, after electrical wiring and plumbing are in but before the interior walls are up. This often means your telephone can be installed more neatly. Call your Service Representative for applicable charges and to arrange for this service.

*NOTE: One week's notice is recommended for prewiring.*

### Establishing Credit

If you have not had previous telephone service, you may be required to pay a deposit to obtain service.

As an alternative to paying a deposit, you may provide a letter from another customer willing to guarantee a payment on your bill if that customer has established telephone credit and his/her guarantee is acceptable to the company.

A deposit ordinarily will be two months' estimated billing. If you have a satisfactory payment record for telephone service within the last two years, you may not be asked to pay a deposit.

### Deposits earn 6% interest

Deposits earn interest from the date of deposit at the rate of 6% per annum. However, for residence customers, a deposit is refunded after 9 months if your phone bills are paid by the date listed on the bill. The deposit is held as security if credit has not yet been established. If telephone service is disconnected, your deposit with earned interest is applied to your final bill.

### An advance payment may be required

When you order new service, you may be required to make an advance payment to cover the installation charges. If you make an advance payment, it will be subtracted from your first month's bill.

### Prompt payment means good credit

Your credit standing is determined by your promptness in paying your telephone bill. Payments should be received at the telephone company by the payment date on your bill.

## Repair Service

Repair centers answer calls 24 hours a day but repair personnel are generally sent out during normal working hours only.

Home (residence), public (coin) telephones, business service **611**

### We maintain the local network

Call Repair Service for problems caused by inside wiring and jacks meeting technical standards, or the telephone line outside. We'll correct the problem, usually at no cost.

## What to do if your service isn't working properly

Trouble with your telephone service may come from any of three sources:

- The telephone set
- Wiring or jacks inside your home or business
- The telephone line outside

Before calling Repair Service, try to determine where the trouble is located — in the phone or in the line.

First, examine your telephone. The problem may be in the equipment if your set's housing, dial or cord is cracked or broken.

If you have only one phone, unplug your set and take it to a neighbor to try, if possible. If it works there, the problem probably is in your line.

If you have more than one telephone, check them all because a problem in one phone can affect the others as well. If you find trouble with a set, unplug it before checking the next one. If next phone works fine, the problem is probably in the last phone you unplugged. If, after checking all of your telephones, the problem still exists, the problem probably is in your line.

### If you're unable to determine the source of your service problem

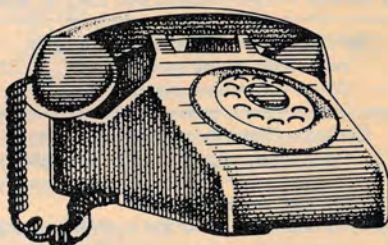

Call Repair Service — we can advise you whether the problem appears to be in the equipment, inside wiring or the telephone company lines.

## A Service Visit Charge will apply

If Indiana Bell dispatches a repair technician to your premises and finds that the trouble is in your telephone equipment or with non-standard customer-provided inside wiring, we will charge you \$51 for the visit (single line business, \$115) — and we are not authorized to repair your set.

### Trouble with telephone sets you own

If you purchased your telephone set from Indiana Bell, AT&T will honor existing warranties and maintenance agreements. For repair of telephone equipment you purchased from another vendor, return the set according to the warranty and repair instructions you received at the time you bought it.

### If your rental set needs repair

If you're renting the telephone sets in your home, call the new toll-free number for telephone equipment customer service and repair —

Residence customers  
**1-800-555-8111**  
Single line business  
**1-800-692-6007**

## Types of home service

Private line service is available to new customers. It permits an unlimited amount of local calling for the same charge each month.

Some existing customers are served on two party and four party lines, but party line service is no longer available to new customers.

(Telephone exchange boundaries may differ from city boundaries. A zone charge may also apply depending on the location of your service.)

*The rates shown on these pages are for Residence telephone service. For Business rates, please contact your Service Representative (see page 1).*

*NOTE: Monthly rates are for access to the total communications network. Telephone instruments are not included.*

### Culver

|                       |         |
|-----------------------|---------|
| Private line .....    | \$10.27 |
| Two party line .....  | \$ 8.22 |
| Four party line ..... | \$ 6.88 |

### No charge to disconnect service

There is no charge to disconnect service. Call your Service Representative to disconnect your telephone service. Charges can be stopped the day you call.

## Charges to install and change your home service

Your Service Representative can tell you which charges will apply on your order.

|                                                                          |         |
|--------------------------------------------------------------------------|---------|

| —Each additional 15 minutes (or any part of) .....                       | 9.00    |

\*Can be eliminated if you provide your own wiring and equipment. See page 23.

## Optional services at additional charge

**Touch-Tone Service...\$1.35** (each line)  
Push-button calling.

**Non-listed number . . . \$1.20**  
Your number is not in the directory but is available from Directory Assistance.

**Non-published number . . . \$2.30**  
Your number is not available in the directory or through Directory Assistance.

### Additional listings . . . \$1.30

A separate and distinct additional item in the telephone directory.

### Services — Local Calls:

In case of emergency, a 50¢ charge applies each time the Operator verifies a busy line. An additional 50¢ charge applies if the Operator is asked to interrupt the line.

*The rates on this page were correct as of the date this directory was printed. Current rates and charges are always available from your Service Representative.*

## Billing & Payment

### Paying by mail

#### We appreciate your payment by mail

A return envelope is included with each monthly bill. Please include page 1 of the bill with your payment or note your telephone number on your check. If the return envelope is not available, address payments to:

Indiana Bell Telephone Company  
Post Office Box 7091  
Indianapolis, Indiana 46207

You can pay your bill at the locations shown below. When payment is made in person, please present pages 1 and 2 of the bill.

#### Payment locations:

##### Culver

Culver City Rexall Drugs  
806 Academy

### Questions about your bill

#### What charges will appear on my bill?

In addition to the monthly charge for local services, your bill will include sections showing charges from suppliers of leased telephone equipment, and charges from some or all long distance suppliers you subscribe to.

As before, your bill will contain a single return payment document showing a single, total amount due, which is payable to Indiana Bell.

#### How am I billed?

Charges for your local service are billed one month in advance. Message units, long distance and telegrams are billed from the last bill date through the day prior to the current bill date; charges for wiring installation are billed the same way.

#### How is my bill date determined?

Your billing date is determined by your telephone number and is the same date each month. It is shown on your bill.

#### When will I receive my bill?

You should receive your bill approximately 10 days after your billing date.

#### What is the Past Due After Date?

This is the date by which Indiana Bell should have your payment and is printed on your bill. It is 24 to 28 days after your billing date.

(NOTE: If the payment is made at other than an Indiana Bell location, allow a few days to ensure that it reaches the company by the past due after date.)

#### What happens if I can't pay my bill on time?

If you can't pay by the Past Due After date call your Service Representative. We may be able to make payment arrangements in case of illness or other circumstances beyond your control.

Indiana Bell does not apply an extra charge for bills paid after the past due date, but repeated late payments may impair your credit record with us. You may be requested to pay a deposit or an additional deposit as a result of late payments. Late payments may also result in your phone service being disconnected.

#### What should I do about questions or mistakes on my bill?

Check the section of your bill which is in question, and call the number listed on that section for assistance.

#### How can I get service restored if it has been disconnected for nonpayment?

All charges billed for service must be paid before your service can be reconnected. You will also have to re-establish your credit and, as a result, a deposit will probably be required.

You must also pay a charge to have your service reconnected. The cost would be \$25.00 if the bill is paid in full within ten calendar days after disconnection. Beyond the ten calendar days, the charge would vary from \$43.00 on up based on the type and amount of work.

## How to call Directory Assistance

For local numbers dial:

**1 + 411**

For numbers within your area dial:

**1 + 555-1212**

For numbers outside your area dial:

**1 + Area Code  
+ 555-1212**

For the telephone numbers of businesses  
and people who have "800" numbers dial:

**1 + 800 + 555-1212**

## Charges for Directory Assistance

Indiana Bell customers have a basic five call allowance each month for calls to local Directory Assistance (1 + 411). For each call, customers may request up to two listings.

For local calls over the allowance, there is a 25 cents charge for each call made to Directory Assistance to request information.

Business customers with PBX service are allowed five calls monthly per trunk to local Directory Assistance (1 + 411).

For calls to long distance Directory Assistance (1-555-1212) there is a charge of 25 cents. There is no call allowance.

Directory Assistance calls placed through the "0" Operator cost 50 cents each.

Directory Assistance charges do not apply to calls from hospitals and coin telephones.

There is no charge for Directory Assistance calls outside the customer's home area code.

## Five ways to save on Directory Assistance charging

1. Use the directory. Most calls to directory assistance are for numbers which are listed.
2. Write down the numbers that you call frequently. You may wish to circle or underline a number in your directory to quickly find the number a second time.

3. To get the telephone number of someone who has recently moved, call the old number. A new number reference is generally provided.

4. You can save the cost of a second call to Directory Assistance if you can supply complete information the first time: exact location, accurate spelling and full names.

5. If you are not sure of the name or spelling of a restaurant, theater, store, union or business, check the Yellow Pages under the appropriate heading.

### How to obtain directories

Additional directories or directories for other areas may be obtained by calling your Business Office. In some cases, a charge may apply for out-of-town directories.

## Services for persons with disabilities

Indiana Bell provides telecommunications services for customers with motion, vision, speech and hearing disabilities, including

- Operator service and directory assistance charges exemptions
- Directory listings for TDD/TTY users
- Discounts on long distance calls within your LATA on your home phone service

If you, or someone you know, could benefit from these special services, call your Business Office, or contact our

### Telecommunications center for disabled customers

**Voice customers 1 + 800-572-3077**  
(toll free)

\*Used with permission of the  
National Association for the  
Deaf

### TDD/TTY customers

#### Deaf or hearing impaired only

Call 1 + 800-382-1666 (toll free) for new or additional service, billing matters, rates, inquiries, complaints and repair service.

### Operator Assistance for TDD/TTY-users

If you use a TDD and need help placing local, long distance, collect, Calling Card, third number or other Operator-assisted calls, you can reach TDD/TTY Operator Services any time by dialing the toll-free number:

**1-800-855-1155 (TDD only)**

## Consumer rights

### How to complain

Your Service Representative has a basic responsibility to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor. If your problem can't be solved by the supervisor, ask for the Manager or higher levels of management.

If you are not satisfied you may file a formal complaint or a request for a conference with the company in person, by telephone, by letter or by using a complaint form available from the company or the Public Service Commission of Indiana. The company will promptly investigate your complaint and contact you regarding its solution. No service will be disconnected for at least 10 days after the company has notified you of its disposition. If you are still not satisfied you may appeal your case to the Public Service Commission of Indiana for an informal review. The request to the commission should be made in writing within 7 days following the date the company's notification was mailed to you and should indicate that a copy is being sent to Indiana Bell. Your request should be mailed to:

#### Public Service Commission of Indiana

Attn: Consumer Affairs Director  
901 State Office Building  
Indianapolis, IN 46204

The commission shall provide an informal review within 21 days, with a full written decision mailed to you and the telephone company no later than 30 days after receipt of your request.

### How to get credit for loss of service

If you are unable to make or receive calls and your phone is out of service more than 24 hours after you have reported it, you are entitled to credit on your next bill for the local service charges. Call your Service Representative if you do not receive credit.

## Reviewing Tariffs and Rules and Standards for Telephone Utilities

Tariffs which show telephone rates, and regulations, and Rules and Standards of Service for Telephone Utilities, as approved by the Public Service Commission of Indiana, are available for public inspection.

## Directory errors, omissions and liability

### Notice to all directory users and customers —

Although every effort is made to make this directory as accurate as possible, errors or omissions sometimes occur. Indiana Bell does not guarantee the accuracy of listings and is not liable for damages resulting from errors or omissions in those listings for which no charge is made. Its liability in the case of listings for which there is a charge is limited to the amount the customer has actually paid for the listing during the life of the directory. Any error or omission should promptly be reported to the Business Office, whose telephone number appears on your monthly bill, so that we can correct our records.

## Consumer responsibilities

### Providing your own equipment

Under the Federal Communications Commission's registration program, you may supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network.

The equipment must be approved by the FCC and you are responsible for its proper connection, maintenance and repair. FCC rules also require that you notify the telephone company before connecting your equipment.

Private equipment may not be connected to coin phone service and party lines.

### Yield a party line in an emergency

State law requires you to yield a party line immediately when told the line is needed for an emergency. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine of not more than \$1,000 or imprisonment for a term not exceeding 180 days or both.

## For your protection

### **Our employees carry company identification cards**

For your safety every Indiana Bell employee is required to carry an identification card showing his or her name, and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

### **Recorded calls require a beep tone**

If your conversation is being recorded for business or other reasons you will hear a beep tone every 15 seconds. Use of a recorder without a recorder-connector containing a beep tone warning device is not permitted, except on emergency reporting systems, including police and fire department lines.

### **Unlawful wiretapping is subject to prosecution**

It is a crime under federal law for any person, including a telephone subscriber, to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one of the parties actually participating in the call. Properly authorized law enforcement officers can engage in interceptions without the consent of either party when proceeding under court orders issued pursuant to applicable provisions of federal law. Under federal law, the penalty for illegal wiretapping can be imprisonment for five (5) years, a \$10,000 fine, or both.

### **Fraudulent callers are subject to prosecution**

It is illegal for another person to charge long distance calls to your number or credit card without your permission. Persons placing such calls are subject to prosecution under both federal and state laws.

### **How to handle obscene or harassing calls**

It is a crime under both Indiana and federal laws for anyone to make obscene or harassing phone calls. These laws impose fines of up to \$1,000 and imprisonment for up to 180 days. A brochure about handling obscene or harassing calls is available from your Service Representative.

## Telephone Safety

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

### **Use of the telephone near water.**

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone handset in water could cause an electrical shock.

### **Use of the telephone during an electrical storm.**

You should avoid using a telephone during an electrical storm. Although the Bell System uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning.

### **Use of the telephone to report a gas leak.**

If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial.

## Consumer Services

Many telephone employees are available, without cost, as speakers to community groups. For a free brochure about our programs, or to schedule a speaker, call 1-800-562-2612.

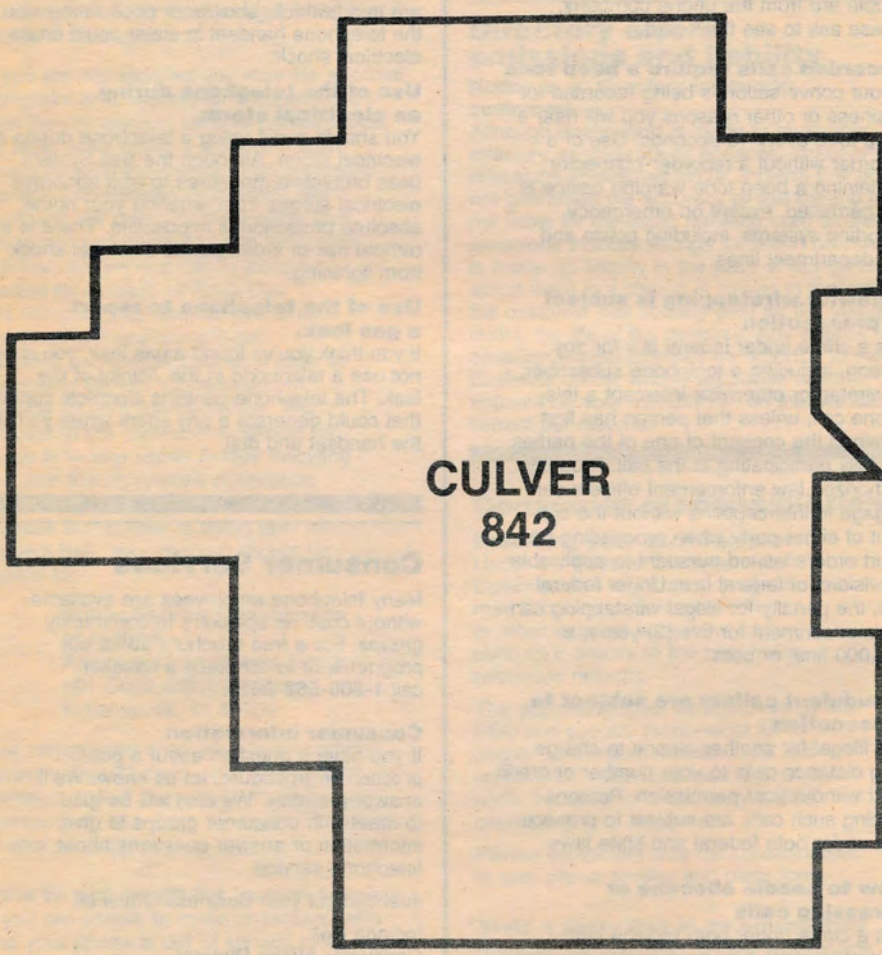

### **Consumer information**

If you have a question about a policy, practice or procedure, let us know. We'll answer promptly. We also will be glad to meet with consumer groups to give information or answer questions about telephone service.

Just contact your Business Office or:

Indiana Bell  
Consumer Affairs Director  
220 N. Meridian St., Room 1942  
Indianapolis, Indiana 46204

## Community locations and numbers

**CULVER**  
**842**

The first three digits of telephone numbers within geographical locations are shown on this map. *It does not indicate your local calling area.*

Calling telephones  
in your  
local calling area

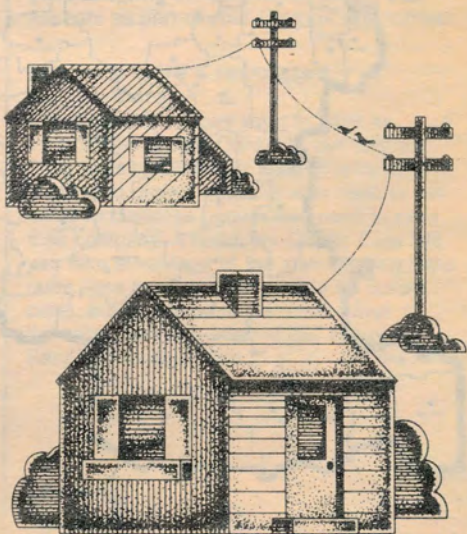

**from** numbers beginning  
with prefixes listed  
in this column

**to** numbers beginning with prefixes  
listed in this column, dial the  
listed number. All other calls are  
long distance.

Culver

842

Calls from Culver to places not  
shown on map are long distance.  
See pages 14, 15, 16, 17, 18 and 19  
for dialing instructions.

## LATAs

LATAs — Local Access and Transport Areas — are new geographic service regions.

Indiana Bell, along with associated independent telephone companies, will continue to handle telephone service on all types of calls inside each of the LATA boundaries. These "intraLATA" calls may be either local or long distance.

While Indiana Bell is not allowed to transport calls across LATA boundaries, we do provide access to the telephone network to other companies who provide long distance service to other LATAs and other states.

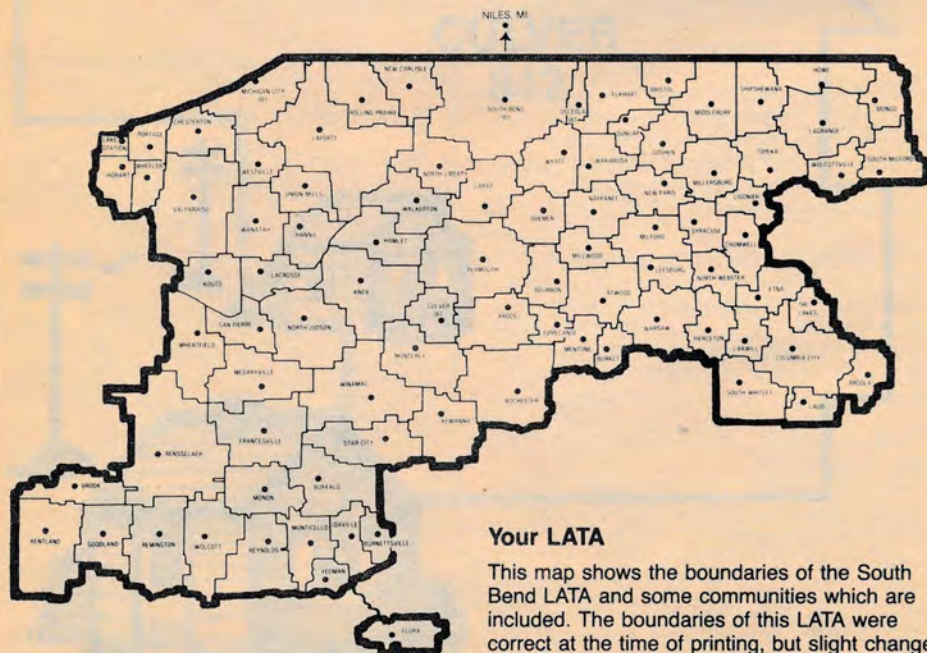

Sometime in 1984 our customers in some localities will be asked to select the telephone company of their choice to complete their long distance calls which terminate at points outside of their own LATA (see page 16).

Until that time, you may continue to dial long distance calls as usual.

## Indiana Bell serves 7 LATAs in Indiana

- Gary-Chicago Area
- South Bend Area
- Auburn-Huntington Area
- Indianapolis Area
- Bloomington Area
- Evansville Area
- New Albany-Louisville Area

*The establishment of LATAs does not affect your local "free" calling area.*

### Your LATA

This map shows the boundaries of the South Bend LATA and some communities which are included. The boundaries of this LATA were correct at the time of printing, but slight changes could occur.

# Dialing instructions for long distance calls within your LATA

15

includes public (coin) telephones

## Dialing direct

Indiana Bell's long distance rates are lowest when you dial the call yourself and speak with anyone who answers.

### To place a dial-direct call:

within your LATA (Area Code 219), dial

**1 + phone number**

## If you need assistance

### Trouble dialing using Indiana Bell service?

If you have trouble dialing directly using Indiana Bell service, call the Operator and explain the difficulty. The call will be placed for you, and you will be charged at the dial-direct rate.

### Credit for poor connections or wrong numbers

When you dial long distance using Indiana Bell service and reach a wrong number, have a poor connection or are cut off, hang up and dial "0" (Operator) right away. Explain what happened so the Operator can arrange for the proper credit. The faster the problem is reported, the easier it will be to give you credit.

## Indiana Bell Calling Card calls

If you have an Indiana Bell Calling Card (credit card) you can place long distance calls and have them charged to your telephone bill. Charges for Calling Card calls are on page 18. Indiana Bell Calling Cards can be obtained by calling your Service Representative.

### From touch tone phones:

within your LATA (Area Code 219), dial

**0 + phone number**  
(wait for tone)  
**+ Calling Card number**

outside the 219 area, dial

**0 + Area Code**  
**+ phone number**  
(wait for tone)  
**+ Calling Card number**

After you have dialed the number, you will hear a special tone. Immediately key in your Calling Card number.

### From rotary dial phones:

within your LATA (Area Code 219), dial

**0 + phone number**

outside the 219 area, dial

**0 + Area Code**  
**+ phone number**

When the Operator comes on the line say you're placing a Calling Card call and give your card number.

### Special 4-digit billing to your Calling Card number

If you are calling the telephone number assigned to your Indiana Bell Calling Card, and that number appears as part of your Calling Card number, you can bill the call by keying only the last four digits of your Calling Card number.

When calling from a touch-tone phone with Touch-tone service, dial "0" plus the 7-digit number (as described in the previous column). After you hear the tone, just key in the last four digits of your Calling Card number.

Remember, this feature applies only when you are calling the telephone number that appears as part of your Calling Card number.

### You may have a restricted Calling Card

Some customers may want to have an Indiana Bell Calling Card that can only be used to call a particular telephone number, such as to give to students who need to call home to business people who need to call their company. A restricted Calling Card lets you take advantage of the lower Calling Card rates (less expensive than rates for collect calls), but gives you some control over the calls. For more information, call your Service Representative.

Continued ►

## How to place Operator-assisted calls

within your LATA (Area Code 219), dial  
**0 + phone number**

## Types of Operator-assisted calls

### Collect calls

You may call collect if the person or firm you are calling agrees to pay the charges. Dial the call and when the Operator answers, say you're placing a collect call and give your name.

### Third-number calls

You can make a long distance call from another telephone and bill it to your own telephone number or another number if that party agrees to pay for the call. Dial the call and when the Operator comes on the line say you'd like to charge your call to a third number and give that number including the Area Code.

### Time and charges

When placing a long distance call you can ask the Operator to tell you the length of time you talked and how much it cost. Dial the call and when the Operator comes on the line say that you will want time and charges when the call is completed.

### Person-to-Person calls

This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number. Dial the call and when the Operator comes on the line, give the name of the person you wish to talk to.

## Other types of calls

### Mobile calls-air-land-marine

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships. Ask the "Operator" for the Mobile or Marine Operator. For information on the other Communications Common Carriers, consult the Yellow Pages under "Paging & Signaling", and "Radiotelephone Communications" headings.

## Conference calls

You can talk with several people in different cities at the same time by dialing the Operator and saying you wish to make a conference call. Give the Operator the names and long distance telephone numbers of the people you want to talk to. You may want to arrange a calling time in advance.

## "800" Service

There is no charge to you when you call "800" telephone numbers.

**1 + 800  
+ phone number**

All calls to "800" telephone numbers are station-to-station calls

## Long Distance service to other LATAs, Area Codes or states

To call outside your LATA, you may continue to dial your long distance calls as you have in the past — or, you may choose to contract with another company that provides long distance service. For more information, look in the Indiana Bell Yellow Pages under the heading, "Telephone Companies."

Area Codes, prefixes and local numbers will not vary among the companies providing long distance calling services.

### Long Distance Service Access Codes

For billing purposes, the network equipment recognizes which long distance company you are using based on the digits you dial at the beginning of each call.

## Long Distance rates within Indiana

Rates for all types of calls within Indiana are based on distance, time of day and length of the conversation.

There is a 1-minute minimum charge for all long distance calls. Additional minutes cost less than the first minute.

## Lowest rates — dial-direct one-minute rates

Dial-direct calls are those completed from a residence or business phone without operator assistance. On dial-direct calls, you pay only for the minutes you talk.

## Additional savings apply evenings, nights and weekends.

|                   | M | T | W | T | F | S | S |

| 1-16 (between South Bend & Osceola)      | .23                                                                                 | .15               | .14                                                                                 | .10               | .09                                                                                 | .06               |
| 17-30 (between Michigan City & LaCrosse) | .33                                                                                 | .21               | .21                                                                                 | .14               | .13                                                                                 | .09               |
| 31-55 (between Culver & Rensselaer)      | .43                                                                                 | .28               | .27                                                                                 | .19               | .17                                                                                 | .12               |
| 56-100 (between Osceola & Monticello)    | .53                                                                                 | .34               | .34                                                                                 | .23               | .21                                                                                 | .14               |

The rates on these pages were correct as of the date this directory was printed. Current rates and charges are always available from your Service Representative.

\*Local Access and Transport Area (see page 14)

## Operator Assistance and Indiana Bell Calling Card charges

Service charges will apply when a customer requests assistance in placing a long distance call.

All conversation time will be billed according to dial-direct rates.

The following service charges will be added when assistance is requested:

**Indiana Bell Calling Card, Customer dialed**  
(station-to-station) \$ .50

### Operator station

|                      |        |              |
|----------------------|--------|--------------|
| Third number billed, | \$ .55 | 1-16 miles   |
| public (coin) phone, | 1.00   | 17-30 miles  |
| collect, time and    | 1.50   | 31-316 miles |
| charges, certain     |        |              |
| hotel guest calls    |        |              |
| and Operator dialed  |        |              |
| Calling Card calls   |        |              |

**Operator person-to-person**  
\$3.00 all mileages

Charges are based on the rates in effect for the time of day at the originating point. If you start a call during one rate period and continue through to another rate period, you will be billed the rate that applies for each period. For example, if you begin a ten-minute call at 10:58 p.m., you will be billed for two minutes at the 35% discount rate and for eight minutes at the 60% discount rate.

- **Holidays** — New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day calls dialed direct are billed using the night rate. (Does not apply to other days designated to celebration of these holidays.)
- **A federal tax** applies to all charges.
- **A state tax** applies to calls within Indiana from non-coin telephones.
- **Rates and periods** indicated subject to change without notice.

## Rates to other LATAs

Long distance service to telephone numbers in other LATAs is provided by other companies, even if that other LATA is served by Indiana Bell. Rates for these types of calls are determined by the companies that provide this service. Long distance calling services from one LATA to another are competitive services and, therefore, we cannot recommend any particular company. For more information, look in the Indiana Bell Yellow Pages under the heading "Telephone Companies."

## ★ Dialing direct

**To place an international call, dial:**

- The digits "011"
  - The Country Code
  - The City Code
  - The local number
  - The "#" button if you have Touch-tone service.
- This will speed your call along.

**For Example:**

To place a dialed direct call to London, England, here's what you would dial:

|                |                 |    |              |   |
|----------------|-----------------|----|--------------|---|
|                | Country<br>Code |    | City<br>Code |   |
| 011            | +               | 44 | +            | 1 |
| + Local Number |                 |    |              |   |

After dialing any international call, allow at least 45 seconds for the ringing to start.

**Operator-assisted calls**

You can dial Operator-assisted international calls to those countries that can be dialed. For calls that are person-to-person, collect, Indiana Bell Calling Card or billed to a third number, dial "01", plus the country code, etc.

**For Example:**

To place a dialed direct call to London, England, here's what you would dial:

|                |                 |    |              |   |
|----------------|-----------------|----|--------------|---|
|                | Country<br>Code |    | City<br>Code |   |
| 01             | +               | 44 | +            | 1 |
| + Local Number |                 |    |              |   |

After dialing any international call, allow at least 45 seconds for the ringing to start.

**Calls to Canada, Puerto Rico, the U.S. Virgin Islands and most dial points in the Caribbean/Atlantic Region**

These calls can be dialed the same way as you dial other long distance calls within the Continental United States. See the Long Distance section in this guide.

**To call Mexico**

If International Dialing is available in your area, dial "011" or "01". Then dial 52 + City Code + Local Number. If International Dialing is not available in your area, you can still dial calls to Mexico City and Northwest Mexico:

- Mexico City, dial 90 + an eight-digit number beginning with 5.
- Northwest Mexico, dial 70 + an eight-digit number beginning with 6. Northwest Mexico includes the states of Sinaloa, Sonora, and the Baja Peninsula.

For calls to other points in Mexico, dial "0" (Operator).

**Calling Card calls**

You can make a call from any phone in the U.S. to any place in the world and charge it to your Calling Card from Indiana Bell. In many cases you can also place Calling Card calls from overseas places to the U.S., (instructions are on the back of the Calling Card). Your Calling Card can only be used to call back to the U.S. It cannot be used for calls between foreign countries.

**Time zones**

Time zone differences based on Eastern Standard Time are shown on the following country and city code chart. Several countries have more than one time zone. The time differences for these countries are based upon the following cities: Sydney, Australia; Rio de Janeiro, Brazil; Jakarta, Indonesia; Kuala Lumpur, Malaysia and Mexico City, Mexico.

**Additional assistance**

Dial "0" (Operator) if you need assistance:

1. To call countries that cannot be dialed directly.
2. To get telephone numbers.
3. To get City Codes that are not listed.

## Indiana Area Codes

Each area has a three-digit Area Code. The Area Code for this directory is indicated on the front cover and on your telephone.

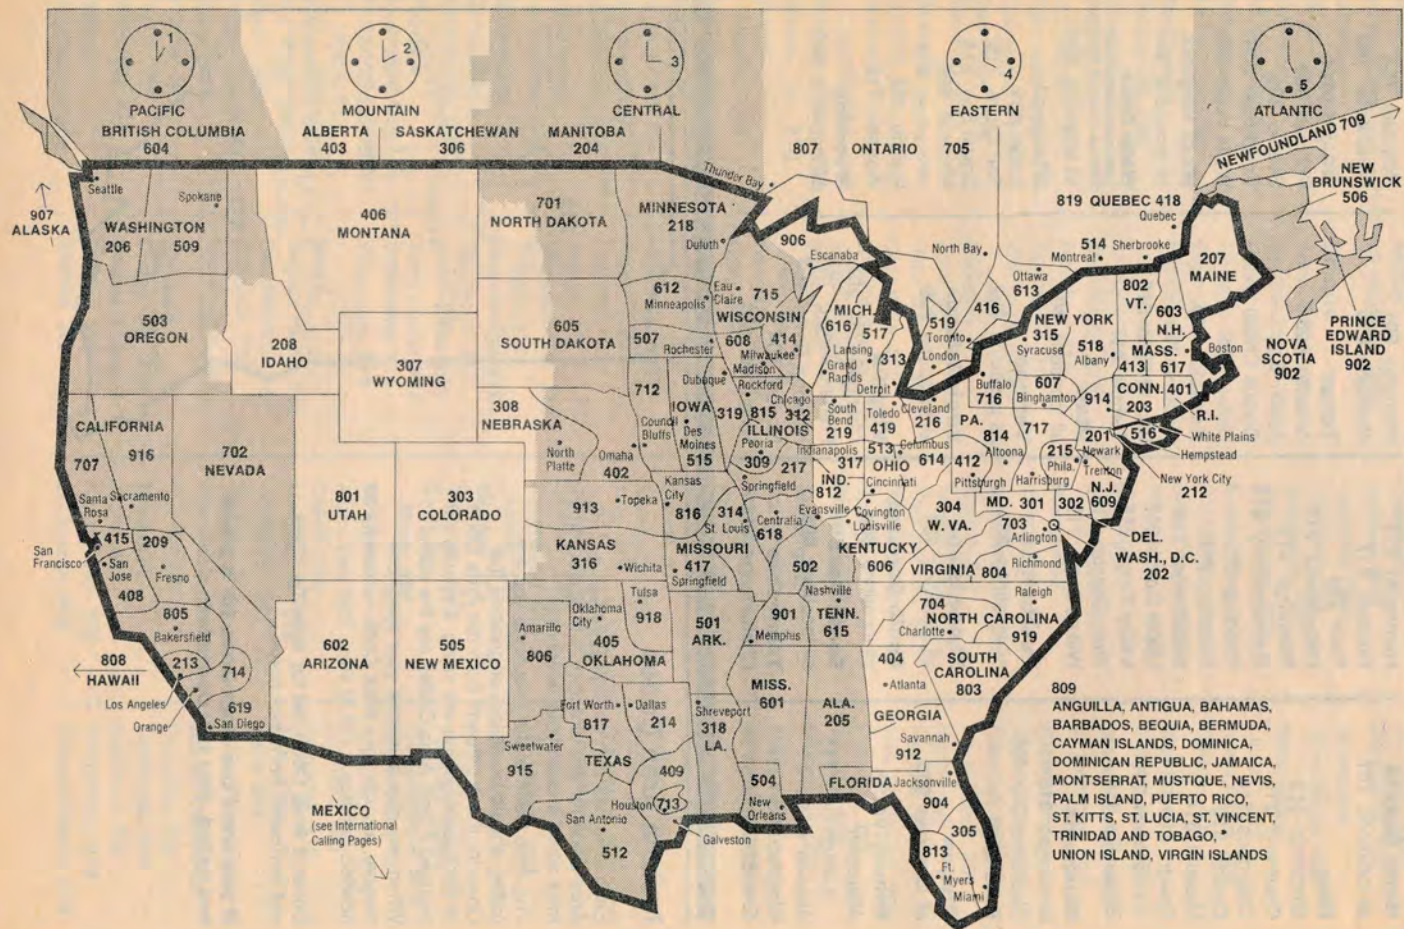

The Area Code of the telephone you are calling should be dialed, or given to the Operator if it is different from the Area Code of the telephone you are using. It should not be used if both Area Codes are the same.

When you give someone your telephone number, include your Area Code — it might be needed to place a call to you.

**Consult Area Code list for specific cities not indicated on these maps.**

**If you want the Area Code for a place not listed, dial the Operator.**

### **Do-it-yourself inside wiring**

To save time and money, you can install, add or change the location of a phone in your home. Call your Service Representative for information. A brochure is available that describes our wiring products and offers some helpful planning tips.

### **Before you call Repair Service**

Check to see whether your service problems may be caused by non-working equipment (see page 5). If our repair person visits your home and finds that the problem is in your telephone set rather than the line, a visit charge will apply — minimum \$51 — and we are not authorized to repair telephone equipment.

### **Install everything at once**

Every time you have telephones installed or service changed certain one-time charges apply. Save money by having all installation work done at one time.

### **Letter of guarantee instead of deposit**

You have the option of providing the telephone company with a letter from a person or firm with established telephone credit willing to guarantee a payment on your bill. This can be used instead of a deposit.

### **Ask for a pay phone refund**

If one of our pay phones collects your money but you don't talk to anyone, report it by dialing the "0" (Operator) from another phone. We'll see that the phone gets fixed and mail you a refund.

### **Make special arrangements when on an extended vacation**

If you are going to be gone for several months or more, call your Service Representative to see if you may save by having your service temporarily suspended. There is a charge for making this change of service, but you may benefit from the reduced rates which apply through the time you reestablish service. Your calls may be referred to another number while you are away for an additional charge.

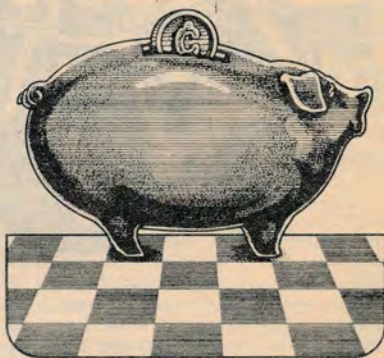

### **Use an Indiana Bell Calling Card when you are away from home.**

Next to dialing direct a Calling Card is the most economical way to make long distance calls within your LATA. You can get a Calling Card at no charge by calling your Service Representative.

If you are billed for a long distance call that you did not make, call your Service Representative.

### **Look in the book**

You can avoid Directory Assistance charges by looking up your own numbers in the directory. Also, jot down frequently called numbers and keep them next to your telephone.

### **Dial direct and save**

It costs less when you dial long distance calls yourself.

Collect, credit card and coin phone calls require the services of an Operator; so do requests for time and charges and calls billed to another number. Calling person-to-person always costs the most.

### **Call during bargain times**

Rates on direct dial long distance calls are lower during evening, night and weekend hours. Also, take advantage of holiday rates on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day.

**Call us BEFORE you dig.  
You May not be able to  
afterwards.**

One slashed telephone cable can disrupt service for thousands - including you. So before you dig, call **1-800-382-5544**. We'll come out and show you where the cables are.

## CULVER

### DIRECTORY ERRORS, OMISSIONS AND LIABILITY

#### NOTICE TO ALL DIRECTORY USERS AND CUSTOMERS

Although every effort is made to make this directory as accurate as possible, errors or omissions sometimes occur. Indiana Bell does not guarantee the accuracy of any listing or advertisement. The company is not liable for damages resulting from errors or omissions in those listings for which no charge is made. Its liability in the case of listings or advertisements for which there is a charge is limited to the amount the customer has actually paid for the listing or advertisement during the life of the directory. These conditions are part of those stated on the application for directory advertising. Any error or omission in the Yellow Pages should be reported promptly to the Yellow Pages Service Bureau, Dial 1-800-382-4666. There is no charge for this call.

Representing Indiana Terminix

These drawings show you how to identify and use modular outlets, and how to change some non-modular outlets to modular ones. Modular outlets let you plug in or move your own telephones. The drawings show you some types of outlets that could be in your home. However, these illustrations are not intended to be all-inclusive, and the outlets you have in

your home may be different. For more information, contact a retail supplier. The sale of this type of equipment is a competitive business and, therefore, we cannot recommend particular suppliers to you. For more information, look in the Bell Yellow Pages under "Telephone Equipment & Systems" headings.

**Figures 1-4** show some outlets for modular telephones. Just line up the clip at the end of the cord with the outlet, and insert it. To disconnect it, squeeze the clip with your thumb and forefinger and gently pull it out.

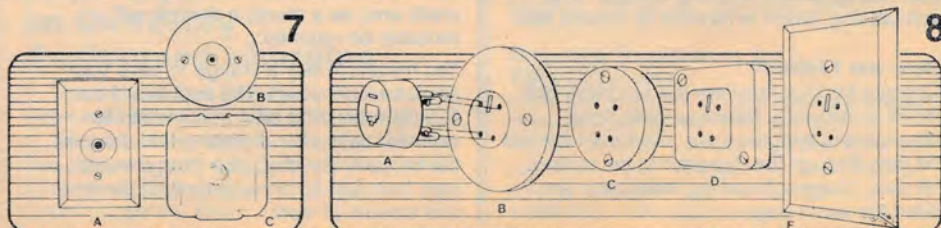

**Figure 5** shows a special outlet for modular phones. To use it, push the cover in the direction of the arrow and insert the clip end of the modular cord. Then release the cover. It will spring back and fit snugly around the cord.

**Figure 6** shows the outlet for a modular wall telephone. Line up the rivets on the outlet plate with the openings on the back of the phone. Push the phone lightly against the

mounting and slide it down into place. To disconnect it, slide the phone up to lift it off the rivets, and pull it away from the wall.

**Figure 7** shows some non-modular outlets. You can easily change them to modular outlets by using special converters (not shown). Call your Service Representative for more information.

**Figure 8** shows some other non-modular outlets (B thru E) and a sample converter (A). The converter permanently changes them to modular outlets to use with a modular cord. Plug the converter into the outlet, then plug the cord into the converter.

## *Looking for Something?*

Save Time  
and Steps...

- Find it fast in the YELLOW  
PAGES • Handiest Buyers'  
Guide in town!

P  
U  
Z  
Z  
L  
E  
D?

These YELLOW

PAGES give you

complete informa-

tion when you're

looking for a prod-

uct or service.

**Prompt Answers**

to your buying questions  
will be found in these

**YELLOW PAGES**

**PEOPLE  
WILL  
FIND  
YOU  
FAST,  
AND  
OFTEN  
IN THE  
YELLOW  
PAGES.**

## FOR A SUCCESSFUL YELLOW PAGES ADVERTISING PROGRAM JUST FOLLOW THESE 7 SIMPLE STEPS.

**1.** Tell the people what you will do for them. How you're different.

**2.** Be under the proper headings so people can find you fast. Should you be under more than one heading?

**3.** Use your logotype to gain recognition. Give facts about your qualifications.

**4.** Tell people about your special services . . . repairs, rentals.

**5.** List the products you carry.

**6.** Tell how easy it is to deal with you . . . credit, parking, hours, delivery.

**7.** Give telephone number and address, and if you're hard to locate, give directions.

### **Emergency Service Day or Night**

**BARRY'S HEATING & PLUMBING**

Yellow Pages**

# WHO USES THE YELLOW PAGES? JUST ABOUT EVERYONE.

**4 OUT OF 5 ADULTS USE THE YELLOW PAGES...** to locate a product or service. That's 112 million people or over 80% of the adult\* population.

**AND THEY USE THE YELLOW PAGES FREQUENTLY...** over a 12 month period, Yellow Pages users averaged almost 34 references each, or more than 3.9 billion references.

**AND 9 OUT OF 10 TIMES THE YELLOW PAGES GET ACTION...** 84% of all references were followed up by a visit, a phone call, or a letter.

**THE YELLOW PAGES BUILD BUSINESS SALES...** 38% of the Yellow Pages references were for business use.

**THE YELLOW PAGES BUILD CONSUMER SALES...** 62% of all references were for personal use.

**PEOPLE WHO KNOW YOU PREFER TO FIND YOU IN THE YELLOW PAGES...** 43% of the references were to the Yellow Pages instead of the white pages even though the name was known.

**BUT HALF THE PEOPLE WHO USE THE YELLOW PAGES ARE LOOKING FOR ANYONE...** 51% of the references were made without the name in mind.

**SO MAKE YOURSELF EASY TO FIND**

\*Based on an independent survey conducted by  
Chilton Research Services
