Instructions for Custom Calling Services

2

Custom Calling is not available in all areas.

For more information or to order, call:

Residence phones **1-800-622-4949**

Business phones **1-800-742-3888**

There is no installation charge.

Call Waiting

A beep tone lets you know someone else is calling when you're using the telephone.

The party calling you hears only the normal ringing. **\$3 per mo.**

How to use it:

1. If you hear a beep and want to end the first call, hang up. Your telephone will immediately ring with the second call.
2. To answer the second call, press and release the receiver button quickly. The first call will be put on "hold" and you will be connected to the second call.
3. To return to the first call, press and release the receiver button again. You can switch back and forth between the two calls as often as you want.

Call Forwarding

Transfer your incoming calls to any telephone you can dial-direct without Operator assistance. (In certain areas, calls can only be forwarded within that exchange.) . . . **\$2.25 per mo.**

How to use it:

1. To forward calls from Rotary telephones, dial 72 and wait approximately 5 seconds for dial tone. From Touch-Tone telephones, dial 72, then the # symbol; listen for dial tone.
2. Dial the number that will be accepting your calls. You will hear two short tones, then normal ringing. Call Forwarding is in effect when the party answers. At that time, you can tell them they will be receiving your calls.
3. If the line is busy, or there is no answer, hang up and repeat the first two steps. No answer is required to establish Call Forwarding on the second attempt.
4. To cancel Call Forwarding from Rotary telephones, dial 73 and wait about 5 seconds for two beeps and dial tone. From Touch-Tone telephones, dial 73, then the # symbol. You will hear two beeps, then dial tone.

While your calls are being forwarded, your telephone will ring briefly each time your number is dialed. You cannot answer the calls, but the ring is a reminder that Call Forwarding is still in effect. You can still make outgoing calls.

If you forward your calls outside of your local calling area, you will be charged for any calls forwarded from your number to the distant

number. For example, if you forward your calls to a number in California, the person calling you is charged for a call only to your number, but you are charged the rate from your number to the number in California.

Three-Way Calling

Add a third party to your conversation.

. **\$2.75 per mo.**

Three-Way Calling can be used whether you have received or have placed the first call.

How to use it:

1. Press and release the receiver button to put your call on "hold." You will hear three beeps then dial tone.
2. Dial the third person's number. You can talk before including the original caller.
3. To begin the three-way call, press and release the receiver button. All three parties will be on the line. (If the line is busy or there's no answer, you can return to the original call by pressing and releasing the receiver button.)

If the original party hangs up, you can add another third party by repeating steps 1, 2 & 3.

To disconnect the third party, press the receiver button twice. Your line is then free to add a different third party by repeating steps 1, 2 & 3. All parties are disconnected when you hang up.

Speed Calling

Dial frequently called numbers, either local or long distance, using only 1 or 2 digits. Available in either 8 or 30 number capacities. (8) **\$2.25 per mo.**

To enter or change a Speed Calling list of 8 or 30 numbers:

1. Select a one-digit code (numbers 2 through 9) for Speed Calling-8. Select a two-digit code (numbers 20 through 49) for Speed Calling-30.
2. Dial 74 for Speed Calling-8. Dial 75 for Speed Calling-30. Listen for dial tone.
3. Dial the code you have selected and the complete telephone number it will represent. Be sure to dial the number as you would normally place the call including the Area Code if it's different from your own. Two beeps will confirm your entry.
4. To call numbers selected for Speed Calling, simply dial the one- or two-digit code you have selected. If you have Touch-Tone dialing press the "#" button to save additional time. Keep a current list of your Speed Calling numbers.

Before you call Repair Service

Check to see whether your service problems may be caused by non-working equipment (see page 6). If our repair person visits your home and finds that the problem is in your telephone set rather than the line, a visit charge will apply — minimum \$51 — and we are not authorized to repair telephone equipment.

Get the service you need without paying service visit charges

There's never a charge for a service call when our repairman visits your home or business if you subscribe to a Line-Backer™ service plan. And you won't have to diagnose your own service problem before calling us. For details, see page 6.

Install everything at once

Every time you have service installed or changed certain one-time charges apply. Save money by having all installation work done at one time.

Ask for a pay phone refund

If one of our pay phones collects your money but you don't talk to anyone, report it by dialing the "0" (Operator) from another phone. We'll see that the phone gets fixed and mail you a refund.

Make special arrangements when on an extended vacation

If you are going to be gone for several months or more, call your Service Representative (see page 1) to see if you may save by having your service temporarily suspended. There is a charge for making this change of service, but you may benefit from the reduced rates which apply through the time you reestablish service. Your calls may be referred to another number while you are away for an additional charge.

Use an Indiana Bell Calling Card when you are away from home.

Next to dialing direct a Calling Card is the most economical way to make long distance calls within your LATA. You can get a Calling Card at no charge by calling your Service Representative (see page 1).

If you are billed for a long distance call that you did not make, call your Service Representative.

Look in the book

You can avoid Directory Assistance charges by looking up numbers in the directory. Also, jot down frequently called numbers and keep them handy.

Dial direct and save

It costs less when you dial long distance calls yourself to telephone numbers within your LATA. Collect, Calling Card and public (coin) phone calls require the services of an Operator; so do requests for time and charges and calls billed to another number. Calling person-to-person always costs the most.

Reduce the lowest direct-dial long distance rates even more

If you call friends and family often who live just beyond the reach of a local call, Indiana Bell's Tel-A-Visit calling package offers the lowest direct-dial rates available. A whole hour's worth of long distance conversation costs about 5¢ a minute. See page 6 for details of the plan and order from your Service Representative.

Establishing Service

A Service Representative in your Business Office can help with orders for service, rates, inquiries or complaints (other than repair). Dial the number shown on page 1 for the service you need. To establish new service, please call a few days in advance of when you need service working.

Inside wiring and jacks

Indiana Bell technicians are specially trained to properly install wiring and jacks inside your home or business. Call your Service Representative (see page 1) to make arrangements or obtain further information.

If you choose to do your own wiring, you may wish to consult our brochure, "Standards for Customer Premises Inside Wiring," available from your Service Representative.

Providing your own equipment

Under the Federal Communications Commission's registration program, you may supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network.

The equipment must be approved by the FCC and you are responsible for its proper connection, maintenance and repair. FCC rules also require that you notify the telephone company before connecting your equipment.

Private equipment may not be connected to coin phone service and party lines.

If you want information about telephone sets or other types of equipment, contact a retail supplier of your choice. Look in the Bell Yellow Pages under the heading, "Telephone Equipment & Systems" for more information.

Information needed for your order

1. Complete street address (apartment number, if applicable).
2. Your choice of the telephone service and options which are available in your area (see pages 5 and 6).
3. How you want your name to appear in the next issue of the telephone directory.
4. Information about previous telephone service and other credit information, including employment. (No telephone credit information is given out to others without your permission.)

Prewiring a new home or addition

If you are building a new home or remodeling we can install telephone wires, after electrical wiring and plumbing are in but before the interior walls are up. This often means your telephone can be installed more neatly. Call your Service Representative for applicable charges and to arrange for this service.

NOTE: One week's notice is recommended for prewiring.

Establishing Credit

If you have not had previous telephone service, you may be required to pay a deposit to obtain service.

As an alternative to paying a deposit, you may provide a letter from another customer willing to guarantee a payment on your bill if that customer has established telephone credit and his/her guarantee is acceptable to the company.

A deposit ordinarily will be two months' estimated billing. If you have a satisfactory payment record for telephone service within the last two years, you may not be asked to pay a deposit.

Deposits earn 6% interest

Deposits earn interest from the date of deposit at the rate of 6% per annum. The deposit is held as security if credit has not yet been established. However, for residence customers, a deposit is refunded within a 12 month period if your phone bills are paid by the date listed on the bill. If telephone service is disconnected, your deposit with earned interest is applied to your final bill.

An advance payment may be required

When you order new service, you may be required to make an advance payment to cover the installation charges. If you make an advance payment, it will be subtracted from your first month's bill.

Prompt payment means good credit

Your credit standing is determined by your promptness in paying your telephone bill. Payments should be received at the telephone company by the payment date on your bill.

Types of home service

Private line service is available to new customers. It permits an unlimited amount of local calling for the same charge each month.

Some existing customers are served on two party and four party lines, but party line service is no longer available to new customers.

(Telephone exchange boundaries may differ from city boundaries. A zone charge may also apply depending on the location of your service.)

NOTE: Monthly rates are for access to the total communications network. Telephone instruments are not included.

Culver

Private line	\$10.01
Two party line	\$ 8.01
Four party line	\$ 6.71

No charge to disconnect service

There is no charge to disconnect service. Call your Service Representative (see page 1) to disconnect your telephone service. Charges can be stopped the day you call.

Charges to install and change your home service

Your Service Representative can tell you which charges will apply on your order.

Service order processing charge	
When you install service	\$25.00
When you make changes	12.00
Central office connection charge	
Connecting your line to our switching office	\$18.00
Premises work charge	
For work we do at the customer's premises. Includes materials and parts.	
—First 15 minutes (minimum)	\$18.50
—Each additional 15 minutes (or any part of)	9.00

The minimum charge to provide new service for residence customers is \$43.00. This charge is based on the many functions and work hours required to establish new service.

Optional services at additional charge

Touch-Tone Service...\$1.35 (each line)
Push-button calling.

Non-listed number . . . \$1.20

Your number is not in the directory but is available from Directory Assistance.

Non-published number . . . \$2.30

Your number is not available in the directory or through Directory Assistance.

Additional listings . . . \$1.30

A separate and distinct additional item in the telephone directory.

Services — Local Calls:

In case of emergency, a 50¢ charge applies each time the Operator verifies a busy line. An additional 50¢ charge applies if the Operator is asked to interrupt the line.

The rates shown on these pages are for Residence service and were correct when this directory was printed. Current rates and charges and Business rates are always available from your Service Representative (see page 1).

Tel-A-Visit long distance calling package

1 hour of direct-dialed calls monthly, within your LATA (see page 14), for about 5¢ a minute. For 1 and 2 party residential customers, designated calling hours only. There is a one time start-up charge of \$10.00.

Basic Tel-A-Visit \$2.75 mo.

	M	T	W	T	F	S	S
7 a.m. to 12 noon	No Tel-A-Visit calling during these hours						
12 noon to 5 p.m.							
5 p.m. to 11:30 p.m.							
11:30 p.m. to 7 a.m.							

Tel-A-Visit calls extending past 1 hour cost 27¢ for each additional 6 minutes.

Expanded Tel-A-Visit 24 additional designated hours \$5.45 mo.

	M	T	W	T	F	S	S
8 a.m. to 6 p.m.	No Tel-A-Visit calling during these hours						
6 p.m. to 7 p.m.							
7 p.m. to 10 p.m.							
10 p.m. to 8 a.m.							

Tel-A-Visit calls extending past 1 hour cost 55¢ for each additional 6 minutes.

(Tax not included)

Repair Service

Repair centers answer calls 24 hours a day but repair personnel are generally sent out during normal working hours only.

Home (residence) service, public (coin) telephones **611**

Business service **611**

We maintain the local network

Call Repair Service for problems caused by inside wiring and jacks meeting technical standards, or the telephone line outside. We'll correct the problem, usually at no cost.

What to do if your service isn't working properly

Trouble with your telephone service may come from any of three sources:

- The telephone set
- Wiring or jacks inside your home or business
- The telephone line outside

Before calling Repair Service, try to determine where the trouble is located — in the phone or in the line.

First, examine your telephone. The problem may be in the equipment if your set's housing, dial or cord is cracked or broken.

If you have only one phone, unplug your set and take it to a neighbor to try, if possible. If it works there, the problem probably is in your line.

If you have more than one telephone, check them all because a problem in one phone can affect the others as well. If you find trouble with a set, unplug it before checking the next one. If next phone works fine, the problem is probably in the last phone you unplugged. If, after checking all of your telephones, the problem still exists, the problem probably is in your line.

If you're unable to determine the source of your service problem

Call Repair Service — we can advise you whether the problem appears to be in the equipment, inside wiring or the telephone company lines.

A Service Visit Charge will apply

If Indiana Bell dispatches a repair technician to your premises and finds that the trouble is in your telephone equipment or with non-standard customer-provided inside wiring, we will charge you \$51 for the visit — and we are not authorized to repair your set.

New Line-Backer™ service plans eliminate service visit charges

Indiana Bell now offers two new service plans to help you control service visit charges.

Continued ►

Line-Backer™ service \$1.50 per mo.

We'll make free repair service calls to your home or business when necessary — at no charge — to diagnose whether problems are due to the line or the telephone set. As always, if the problem is in the telephone line, we fix it free of charge. This service plan is available to all, non-key residence customers and most single line, non-key business customers.

Line-Backer Plus™ \$2.50 per mo.

You never pay for a repair service call, ever. Plus, you'll get a free loaner phone to use for up to sixty days, while your own telephone is being repaired. Line-Backer Plus service is available to one-party, non-key residence customers and to most single line, non-key business customers.

For either plan, there is a one-time start-up charge of \$10 for residence or \$17 for business customers. Order from your Service Representative.

How to get credit for loss of service

If you are unable to make or receive calls due to a problem in your telephone line, and your service is out more than 24 hours after you have reported it, you are entitled to credit on your next bill for the local service charges. Call your Service Representative if you do not receive credit.

Trouble with telephone sets you own

If you purchased your telephone set from Indiana Bell, AT&T will honor existing warranties and maintenance agreements. For repair of telephone equipment you purchased from another vendor, return the set according to the warranty and repair instructions you received at the time you bought it.

(Continued next column)

If your rental set needs repair

Indiana Bell Telephone Company
Post Office Box 7091
Indianapolis, Indiana 46207

You can pay your bill at the locations shown below. These agencies have been authorized to accept our customer's bill payments and issue receipts which will be honored by Indiana Bell. When payment is made in person, please present pages 1 and 2 of the bill.

Payment locations:

Culver

Culver City Rexall Drugs
806 Academy

Questions about your bill

What charges will appear on my bill?

In addition to the monthly charge for local services, your bill will include sections showing charges from suppliers of leased telephone equipment, and charges from some or all long distance suppliers you subscribe to.

As before, your bill will contain a single return payment document showing a single, total amount due, which is payable to Indiana Bell.

How am I billed?

Charges for your local service and equipment are billed one month in advance. Message units, long distance and telegrams are billed from the last bill date through the day prior to the current bill date; charges for installing or changing equipment are billed the same way.

How is my bill date determined?

Your billing date is determined by your telephone number and is the same date each month. It is shown on your bill.

When will I receive my bill?

You should receive your bill approximately 10 days after your billing date.

What is the Past Due After Date?

This is the date by which Indiana Bell should have your payment and is printed on your bill. It is 24 to 28 days after your billing date.

(NOTE: If the payment is made at other than an Indiana Bell location, allow a few days to ensure that it reaches the company by the past due after date.)

What happens if I can't pay my bill on time?

If you can't pay by the Past Due After date call your Service Representative. We may be able to make payment arrangements in case of illness or other circumstances beyond your control.

Indiana Bell does not apply an extra charge for bills paid after the past due date, but repeated late payments may impair your credit record with us. You may be requested to pay a deposit or an additional deposit as a result of late payments. Late payments may also result in your phone service being disconnected.

What should I do about questions or mistakes on my bill?

Check the section of your bill which is in question, and call the number listed on that section for assistance.

How can I get service restored if it has been disconnected for nonpayment?

All charges billed for service must be paid before your service can be reconnected. You will also have to re-establish your credit and, as a result, a deposit will probably be required.

You must also pay a charge to have your service reconnected. The cost would be \$25.00 if the bill is paid in full within ten calendar days after disconnection. Beyond the ten calendar days, the charge would vary from \$43.00 on up based on the type and amount of work.

How to call Directory Assistance

For local numbers dial:

1 + 411

For numbers within your area dial:

1 + 555-1212

For numbers outside your area dial:

**1 + Area Code
+ 555-1212**

For the telephone numbers of businesses
and people who have "800" numbers dial:

1 + 800 + 555-1212

Charges for Directory Assistance

Indiana Bell customers have a basic five call allowance each month for calls to local Directory Assistance within the same Area Code (1+411). For each call, customers may request up to two listings.

For local calls over the allowance, there is a 25 cents charge for each call made to Directory Assistance to request information.

Business customers with PBX service are allowed five calls monthly per trunk to local Directory Assistance (1+411).

For calls to long distance Directory Assistance within the same Area Code (1-555-1212) there is a 25 cents charge. There is no call allowance.

Charges for Directory Assistance to a different Area Code

Long Distance Directory Assistance calls to other Area Codes may be subject to charges by the company that provides your long distance calling service.

Five ways to save on Directory Assistance charging

1. Use the directory. Most calls to directory assistance are for numbers which are listed.
2. Write down the numbers that you call frequently. You may wish to circle or underline a number in your directory to quickly find the number a second time.
3. To get the telephone number of someone who has recently moved, call the old number. A new number reference is generally provided.
4. You can save the cost of a second call to Directory Assistance if you can supply complete information the first time: exact location, accurate spelling and full names.
5. If you are not sure of the name or spelling of a restaurant, theater, store, union or business, check the Yellow Pages under the appropriate heading.

How to obtain directories

Additional directories or directories for other areas may be obtained by calling your Business Office. In some cases, a charge may apply for out-of-town directories.

Our Service Goals

You are a valued customer. We care about your personal satisfaction with our performance and will strive to serve you well. The following are our service goals:

Dependable, high quality services at reasonable prices

Indiana Bell strives to provide quality telecommunications services at fair and reasonable prices.

Courteous, helpful assistance

Consumers deserve courteous, helpful assistance in all their transactions with Indiana Bell employees.

Full information about your choice of services

Consumers require the information necessary to make sound buying decisions. It is our policy to provide consumers with the information they need about our service options, including the lowest price service available, and pricing and payment options.

Safety in services

We strive to provide and maintain safe, non-hazardous telecommunications services to our customers and to the communities we serve.

Telecommunications privacy

We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully strive to protect communications services from unlawful wiretapping or other illegal interception. We also strive to protect customer service records, credit information and related confidential personal account information.

An accurate bill and reasonable billing procedures

We believe consumers should receive an accurate bill, and one that makes clear when

payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections, suspension, or disconnection of service for non-payment. In cases of bonafide emergencies, we try to avoid disconnection of service for non-payment.

Fair resolution of complaints

It is our policy that consumers have access to a readily available process to provide them with fair resolution of their complaints and grievances concerning services, billing, and other practices and procedures.

The opportunity to be heard

We believe in listening to consumers and in taking their advice, counsel and criticism into careful consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

If we fall short of these goals, we will appreciate the opportunity to set things straight.

Your Service Representative has a basic responsibility to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor. If your problem can't be solved by the supervisor, ask for the Manager.

If you have a question about a policy, practice or procedure, let us know. We'll be happy to respond. We also will be glad to meet with consumer groups to give information or answer questions about telephone service.

Just contact your Service Representative or write:

Consumer Affairs Director
Indiana Bell, Rm. 1925
220 N. Meridian Street
Indianapolis, IN 46204

Reviewing Tariffs and Rules and Standards for Telephone Utilities

Tariffs which show telephone rates, and regulations, and Rules and Standards of Service for Telephone Utilities, as approved by the Public Service Commission of Indiana, are available for public inspection.

You may file a formal complaint or a request for a conference with the company in person, by telephone, by letter or by using a complaint form available from the company or the Public Service Commission of Indiana. The company will promptly investigate your complaint and contact you regarding its solution. No service will be disconnected for at least 10 days

after the company has notified you of its disposition. If you are still not satisfied you may appeal your case to the Public Service Commission of Indiana for an informal review. The request to the commission should be made in writing within 7 days following the date the company's notification was mailed to you and should indicate that a copy is being sent to Indiana Bell. Your request should be mailed to: Public Service Commission of Indiana, Attn: Consumer Affairs Director, 901 State Office Building, Indianapolis, IN 46204.

The commission shall provide an informal review within 21 days, with a full written decision mailed to you and the telephone company no later than 30 days after receipt of your request.

Speakers Bureau

Many telephone employees are available, without cost, as speakers to community groups. For a free brochure about our programs, or to schedule a speaker, call — 1-800-562-2612.

For your protection

Our employees carry company identification cards

For your safety every Indiana Bell employee is required to carry an identification card showing his or her name, and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

Fraudulent callers are subject to prosecution

It is illegal for another person to charge long distance calls to your number or credit card without your permission. Persons placing such calls are subject to prosecution under both federal and state laws.

Unlawful wiretapping is subject to prosecution

It is a crime under federal law for any person, including a telephone subscriber, to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one of the parties actually participating in the call. Properly authorized law enforcement officers can engage in interceptions without the consent of either party when proceeding under court orders issued pursuant to applicable provisions of federal law. Under federal law, the penalty for illegal wiretapping can be imprisonment for five (5) years, a \$10,000 fine, or both.

Recorded calls require a beep tone

If your conversation is being recorded for business or other reasons you will hear a beep tone every 15 seconds. Use of a recorder without a recorder-connector containing a beep tone warning device is not permitted, except on emergency reporting systems, including police and fire department lines.

How to handle obscene or harassing calls

It is a crime under both Indiana and federal laws for anyone to make obscene or harassing phone calls. These laws impose fines of up to \$1,000 and imprisonment for up to 180 days. A brochure about handling obscene or harassing calls is available from your Service Representative.

Yield a party line in an emergency

State law requires you to yield a party line immediately when told the line is needed for an emergency. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine of not more than \$1,000 or imprisonment for a term not exceeding 180 days, or both.

Directory errors, omissions and liability

Notice to all directory users and customers —

Although every effort is made to make this directory as accurate as possible, errors or omissions sometimes occur. Indiana Bell does not guarantee the accuracy of listings and is not liable for damages resulting from errors or omissions in those listings for which no charge is made. Its liability in the case of listings for which there is a charge is limited to the amount the customer has actually paid for the listing during the life of the directory. Any error or omission should promptly be reported to the Business Office, whose telephone number appears on your monthly bill, so that we can correct our records.

Telephone Safety

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

Use of the telephone near water.

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone handset in water could cause an electrical shock.

Use of the telephone during an electrical storm.

You should avoid using a telephone during an electrical storm. Although the Bell System uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning.

Use of the telephone to report a gas leak.

If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial.

Calling telephones

long distance.

Culver

842

Calls from Culver to places not
shown on map are long distance.
See pages 14, 15, 16, 17, 18 and 19
for dialing instructions.

Community locations and numbers

CULVER
842

The first three digits of telephone numbers within geographical locations are shown on this map. *It does not indicate your local calling area.*

LATAs

LATAs — Local Access and Transport Areas — are new geographic service regions.

Indiana Bell, along with associated independent telephone companies, will continue to handle telephone service on all types of calls inside each of the LATA boundaries. These "intraLATA" calls may be either local or long distance.

While Indiana Bell is not allowed to transport calls across LATA boundaries, we do provide access to the telephone network to other companies who provide long distance service to other LATAs and other states.

Sometime in 1984 our customers in some localities will be asked to select the telephone company of their choice to complete their long distance calls which terminate at points outside of their own LATA (see page 16).

Until that time, you may continue to dial long distance calls as usual.

Indiana Bell serves 7 LATAs in Indiana

- Gary-Chicago Area
- South Bend Area
- Auburn-Huntington Area
- Indianapolis Area
- Bloomington Area
- Evansville Area
- New Albany-Louisville Area

The establishment of LATAs does not affect your local "free" calling area.

Your LATA

This map shows the boundaries of the South Bend LATA and some communities which are included. The boundaries of this LATA were correct at the time of printing, but slight changes could occur.

Dialing instructions for long distance calls within your LATA

15

includes public (coin) telephones

Dialing direct

Indiana Bell's long distance rates are lowest when you dial the call yourself and speak with anyone who answers.

To place a dial-direct call:

within your LATA (Area Code 219), dial

1 + phone number

If you need assistance

Trouble dialing using Indiana Bell service?

If you have trouble dialing directly using Indiana Bell service, call the Operator and explain the difficulty. The call will be placed for you, and you will be charged at the dial-direct rate.

Credit for poor connections or wrong numbers

When you dial long distance using Indiana Bell service and reach a wrong number, have a poor connection or are cut off, hang up and dial "0" (Operator) right away. Explain what happened so the Operator can arrange for the proper credit. The faster the problem is reported, the easier it will be to give you credit.

Indiana Bell Calling Card calls

If you have an Indiana Bell Calling Card (credit card) you can place long distance calls and have them charged to your telephone bill. Charges for Calling Card calls are on page 18. Indiana Bell Calling Cards can be obtained by calling your Service Representative (see page 1).

From Touch-Tone phones:

within your LATA (Area Code 219), dial

0 + phone number
(wait for tone)
+ Calling Card number

outside the 219 area, dial

0 + Area Code
+ phone number
(wait for tone)
+ Calling Card number

(Continued next column)

After you have dialed the number, you will hear a special tone. Immediately key in your Calling Card number.

From rotary dial phones:

within your LATA (Area Code 219), dial

0 + phone number

outside the 219 area, dial

0 + Area Code
+ phone number

When the Operator comes on the line say you're placing a Calling Card call and give your card number.

Special 4-digit billing to your Calling Card number

If you are calling the telephone number assigned to your Indiana Bell Calling Card, and that number appears as part of your Calling Card number, you can bill the call by keying only the last four digits of your Calling Card number.

When calling from a touch-tone phone with Touch-tone service, dial "0" plus the 7-digit number (as described in the previous column). After you hear the tone, just key in the last four digits of your Calling Card number.

Remember, this feature applies only when you are calling the telephone number that appears as part of your Calling Card number.

You may have a restricted Calling Card

Some customers may want to have an Indiana Bell Calling Card that can only be used to call a particular telephone number, such as to give to students who need to call home to business people who need to call their company. A restricted Calling Card lets you take advantage of the lower Calling Card rates (less expensive than rates for collect calls), but gives you some control over the calls. For more information, call your Service Representative (see page 1).

How to place Operator-assisted calls

within your LATA (Area Code 219), dial
0 + phone number

Types of Operator-assisted calls

Collect calls

You may call collect if the person or firm you are calling agrees to pay the charges. Dial the call and when the Operator answers, say you're placing a collect call and give your name.

Third-number calls

You can make a long distance call from another telephone and bill it to your own telephone number or another number if that party agrees to pay for the call. Dial the call and when the Operator comes on the line say you'd like to charge your call to a third number and give that number including the Area Code.

Time and charges

When placing a long distance call you can ask the Operator to tell you the length of time you talked and how much it cost. Dial the call and when the Operator comes on the line say that you will want time and charges when the call is completed.

Person-to-Person calls

This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number. Dial the call and when the Operator comes on the line, give the name of the person you wish to talk to.

Other types of calls

Mobile calls-air-land-marine

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships. Ask the "Operator" for the Mobile or Marine Operator. For information on the other Communications Common Carriers, consult the Yellow Pages under "Paging & Signaling", and "Radiotelephone Communications" headings.

Conference calls

You can talk with several people in different cities at the same time by dialing the Operator and saying you wish to make a conference call. Give the Operator the names and long distance telephone numbers of the people you want to talk to. You may want to arrange a calling time in advance.

"800" Service

There is no charge to you when you call "800" telephone numbers.

**1 + 800
+ phone number**

All calls to "800" telephone numbers are station-to-station calls

Long Distance service to other LATAs, Area Codes or states

To call outside your LATA, you may continue to dial your long distance calls as you have in the past — or, you may choose to contract with another company that provides long distance service. For more information, look in the Indiana Bell Yellow Pages under the heading, "Telephone Companies."

Area Codes, prefixes and local numbers will not vary among the companies providing long distance calling services.

Long Distance Service Access Codes

For billing purposes, the network equipment recognizes which long distance company you are using based on the digits you dial at the beginning of each call.

Long Distance rates within Indiana

Rates for all types of calls within Indiana are based on distance, time of day and length of the conversation.

There is a 1-minute minimum charge for all long distance calls. Additional minutes cost less than the first minute.

Lowest rates — dial-direct one-minute rates

Dial-direct calls are those completed from a residence or business phone without operator assistance. On dial-direct calls, you pay only for the minutes you talk.

Additional savings apply evenings, nights and weekends.

	M	T	W	T	F	S	S
8 A.M. to 5 P.M.							
5 P.M. to 11 P.M.							
11 P.M. to 8 A.M.

The rates on these pages were correct as of the date this directory was printed. Current rates and charges are always available from your Service Representative (see page 1).

*Local Access and Transport Area (see page 14)

Operator Assistance and Indiana Bell Calling Card charges

Service charges will apply when a customer requests assistance in placing a long distance call.

All conversation time will be billed according to dial-direct rates.

The following service charges will be added when assistance is requested:

Indiana Bell Calling Card, Customer dialed
(station-to-station) \$.50

Operator station

Third number billed,	\$.55	1-16 miles
public (coin) phone,	1.00	17-30 miles
collect, time and	1.50	31-316 miles
charges, certain		
hotel guest calls		
and Operator dialed		
Calling Card calls		

Operator person-to-person
\$3.00 all mileages

Charges are based on the rates in effect for the time of day at the originating point. If you start a call during one rate period and continue through to another rate period, you will be billed the rate that applies for each period. For example, if you begin a ten-minute call at 10:58 p.m., you will be billed for two minutes at the 35% discount rate and for eight minutes at the 60% discount rate.

— **Holidays** — New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day calls dialed direct are billed using the night rate. (Does not apply to other days designated to celebration of these holidays.)

— **A federal tax** applies to all charges.

— **A state tax** applies to calls within Indiana from non-coin telephones.

— **Rates and periods** indicated subject to change without notice.

Rates to other LATAs

Long distance service to telephone numbers in other LATAs is provided by other companies, even if that other LATA is served by Indiana Bell. Rates for these types of calls are determined by the companies that provide this service. Long distance calling services from one LATA to another are competitive services and, therefore, we cannot recommend any particular company. For more information, look in the Indiana Bell Yellow Pages under the heading "Telephone Companies."

Indiana Area Codes

Each area has a three-digit Area Code. The Area Code for this directory is indicated on the front cover and on your telephone.

The Area Code of the telephone you are calling should be dialed, or given to the Operator if it is different from the Area Code of the telephone you are using. It should not be used if both Area Codes are the same.

When you give someone your telephone number, include your Area Code — it might be needed to place a call to you.

Consult Area Code list for specific cities not indicated on these maps.

If you want the Area Code for a place not listed, dial the Operator.

This list of frequently called numbers is arranged to help you find community services and information more easily and quickly. Complete listings of city, township, county, state and U.S. governmental offices are in the White and Yellow Pages of this directory.

distance calling areas.

The Community Services Numbers list was
compiled by the Culver Union Township United
Fund and is published in this directory by In-
diana Bell as a public service.

★ Dialing direct

To place an international call, dial:

- The digits "011"
 - The Country Code
 - The City Code
 - The local number
 - The "#" button if you have Touch-tone service.
- This will speed your call along.

For Example:

To place a dialed direct call to London, England, here's what you would dial:

	Country Code		City Code
011 +	44	+	1
+ Local Number			

After dialing any international call, allow at least 45 seconds for the ringing to start.

Operator-assisted calls

You can dial Operator-assisted international calls to those countries that can be dialed. For calls that are person-to-person, collect, Indiana Bell Calling Card or billed to a third number, dial "01", plus the country code, etc.

For Example:

To place a dialed direct call to London, England, here's what you would dial:

	Country Code		City Code
01 +	44	+	1
+ Local Number			

After dialing any international call, allow at least 45 seconds for the ringing to start.

Calls to Canada, Puerto Rico, the U.S. Virgin Islands and most dial points in the Caribbean/Atlantic Region

These calls can be dialed the same way as you dial other long distance calls within the Continental United States. See the Long Distance section in this guide.

To call Mexico

If International Dialing is available in your area, dial "011" or "01". Then dial 52 + City Code + Local Number. If International Dialing is not available in your area, you can still dial calls to Mexico City and Northwest Mexico:

- Mexico City, dial 90 + an eight-digit number beginning with 5.
- Northwest Mexico, dial 70 + an eight-digit number beginning with 6. Northwest Mexico includes the states of Sinaloa, Sonora, and the Baja Peninsula.

For calls to other points in Mexico, dial "0" (Operator).

Calling Card calls

You can make a call from any phone in the U.S. to any place in the world and charge it to your Calling Card from Indiana Bell. In many cases you can also place Calling Card calls from overseas places to the U.S., (instructions are on the back of the Calling Card). Your Calling Card can only be used to call back to the U.S. It cannot be used for calls between foreign countries.

Time zones

Time zone differences based on Eastern Standard Time are shown on the following country and city code chart. Several countries have more than one time zone. The time differences for these countries are based upon the following cities: Sydney, Australia; Rio de Janeiro, Brazil; Jakarta, Indonesia; Kuala Lumpur, Malaysia and Mexico City, Mexico.

Additional assistance

Dial "0" (Operator) if you need assistance:

1. To call countries that cannot be dialed directly.
2. To get telephone numbers.
3. To get City Codes that are not listed.

Services for Special Needs

**IF YOU HAVE A PHYSICAL IMPAIRMENT
THAT INTERFERES WITH YOUR USE OF
THE TELEPHONE, PLEASE LET US
KNOW.**

If you have a problem using your phone let us know. A solution may be right on hand. If it is not, we may be able to arrange a special combination of services to meet your needs.

For more information, just call your local Bell Telephone business office.

We want to help.

Indiana Bell

AN AMERITECH COMPANY

**Call us BEFORE you dig.
You May not be able to
afterwards.**

One slashed telephone cable can disrupt service for thousands - including you. So before you dig, call **1-800-382-5544**. We'll come out and show you where the cables are.

Indiana Bell

CULVER

DIRECTORY ERRORS, OMISSIONS AND LIABILITY

NOTICE TO ALL DIRECTORY USERS AND CUSTOMERS

Although every effort is made to make this directory as accurate as possible, errors or omissions sometimes occur. Indiana Bell does not guarantee the accuracy of any listing or advertisement. The company is not liable for damages resulting from errors or omissions in those listings for which no charge is made. Its liability in the case of listings or advertisements for which there is a charge is limited to the amount the customer has actually paid for the listing or advertisement during the life of the directory. These conditions are part of those stated on the application for directory advertising. Any error or omission in the Yellow Pages should be reported promptly to the Yellow Pages Service Bureau, Dial 1-800-382-4666 (Toll Free).

How to find brand-name headings

Locate the proper
 classification. Under
 it, you're likely to find
 the brand name
 heading of the par-
 ticular product or
 service listed alpha-
 betically within the
 classification. Those
 who sell the product
 are listed beneath
 the brand-name
 heading.

**PEOPLE
WILL
FIND
YOU
FAST,
AND
OFTEN
IN THE
YELLOW
PAGES.**

FOR A SUCCESSFUL YELLOW PAGES ADVERTISING PROGRAM JUST FOLLOW THESE 7 SIMPLE STEPS.

1. Tell the people what you will do for them. How you're different.

2. Be under the proper headings so people can find you fast. Should you be under more than one heading?

3. Use your logotype to gain recognition. Give facts about your qualifications.

4. Tell people about your special services... repairs, rentals.

5. List the products you carry.

6. Tell how easy it is to deal with you... credit, parking, hours, delivery.

7. Give telephone number and address, and if you're hard to locate, give directions.

Emergency Service Day or Night

**Indiana Bell
Yellow Pages**

WHO USES THE YELLOW PAGES? JUST ABOUT EVERYONE.

*Based on an independent survey conducted by
Chilton Research Services

4 OUT OF 5 ADULTS USE THE YELLOW PAGES... to locate a product or service. That's 112 million people or over 80% of the adult* population.

AND THEY USE THE YELLOW PAGES FREQUENTLY... over a 12 month period, Yellow Pages users averaged almost 34 references each, or more than 3.9 billion references.

AND 9 OUT OF 10 TIMES THE YELLOW PAGES GET ACTION... 84% of all references were followed up by a visit, a phone call, or a letter.

THE YELLOW PAGES BUILD BUSINESS SALES... 38% of the Yellow Pages references were for business use.

THE YELLOW PAGES BUILD CONSUMER SALES... 62% of all references were for personal use.

PEOPLE WHO KNOW YOU PREFER TO FIND YOU IN THE YELLOW PAGES... 43% of the references were to the Yellow Pages instead of the white pages even though the name was known.

BUT HALF THE PEOPLE WHO USE THE YELLOW PAGES ARE LOOKING FOR ANYONE... 51% of the references were made without the name in mind.

SO MAKE YOURSELF EASY TO FIND
