How to obtain directories

Additional directories or directories for other
areas may be obtained by calling your
Business Office. In some cases, a charge may
apply for out-of-town directories.

* All 556 and 1-556 calls are toll free
when made from an Indiana Bell
served area.

The rates shown on these pages for
Residence service were correct when this
directory was printed. Current rates and
charges and Business rates are always
available from your Service Representative.

Call Waiting \$3 per mo.

When you're on the phone, a beep tone tells you that a second person is calling. Calling party hears only normal ringing.

How to use it:

1. When you want to end the first call and answer the second, just hang up. The second call will immediately ring your phone.
2. To put the first call on "hold," quickly press and release the receiver button. You are now connected with your second call. To return to your first call, press and release the receiver button again. You can switch back and forth between the two calls as often as you want.

Custom Calling Feature Package

Order Call Waiting at \$3.00 and additional Custom Calling services are \$1.35 each.

Call Forwarding \$2.25 per mo.

Lets you transfer incoming calls to other phones you can dial direct.

How to use it:

1. Rotary service — dial 72 and wait 5 seconds for dial tone. Touch-Tone service — press 72, the "*" button, wait for dial tone.
2. Dial the number that will accept your calls. You will hear two short tones, then normal ringing. Call Forwarding is in effect when the party answers. If the line is busy or there is no answer, repeat these steps. No answer is needed to establish Call Forwarding on the second attempt.
3. To cancel: Rotary dial phone — dial 72 and wait about 5 seconds for two beeps and dial tone. Touch-tone phone — press 73 and the "*" button, listen for two beeps and dial tone.

Notes:

While your calls are being forwarded, you can still make outgoing calls. Your phone will ring each time someone calls you, but you will not be able to answer the call. The ringing reminds you that the service is in effect.

If you have message rate service, incoming calls to your phone which are forwarded on and completed are counted as an outgoing call in your monthly 30 call limit.

If you forward calls outside your local calling area, you will be charged for any calls from your number to the distant number.

Three-Way Calling \$2.75 per mo.

Lets you add third party to existing conversation without operator assistance.

How to use it:

1. Press and release receiver button to put your call on "hold." Listen for 3 beeps then dial tone.
2. Dial third person's number. You can talk before you include person from first call. (If the line is busy or there's no answer, return to the original call by pressing and releasing the receiver button.)
3. Press and release receiver button to connect all three parties to the line.

Note:

If original party hangs up, you can add another third party by repeating the steps. To disconnect the third party, press the receiver button twice. Your line is then free to add a different third party. All parties are disconnected when you hang up.

Speed Dialing (8) \$2.25 per mo.

Lets you call frequently called numbers by dialing only one or two digits. Available in 8 or 30 number capabilities.

How to enter or change numbers:

1. Select a one-digit code (numbers 2 through 9) for Speed Dialing-8. Select a two-digit code (numbers 20-49) for Speed Dialing-30.
2. Dial 74 for Speed Dialing-8, 75 for Speed Dialing-30. Listen for dial tone.
3. Dial the code you have selected and the complete telephone number it will represent. Be sure to dial the number as you would normally place the call, including Area Code, if necessary. Two beeps confirm the entry.
4. To call the numbers you've selected for Speed Dialing, press the one- or two-digit code (plus the "*" button if you have Touch-Tone service).

Types of home service

Single line service is available to new customers. It permits an unlimited amount of local calling for the same charge each month.

Some existing customers are served on two-party and four-party lines, but party line service is no longer available to new customers.

Message rate service is available in most areas. This single line allows you to make 30 outgoing calls to local numbers each month without additional charges. You will

be charged for every call after the first 30. If you make few local calls each month, it may be less expensive than single line service.

Call your Service Representative to discuss current rates for the type of telephone service you want.

No charge to disconnect service

There is no charge to disconnect service. Call your Service Representative (see page 1) to disconnect your service. Charges can be stopped the day you call.

Charges to install and change your home service

Your Service Representative can tell you which charges will apply on your order.

Service order processing charge	
When you install service	\$32.00
When you make changes	17.00
Central office connection charge	
Connecting your line to our switching office	\$22.00
Premises work charge	
For work we do at the customer's premises. Includes materials and parts.	
—First 15 minutes (minimum)	\$18.50
—Each additional 15 minutes (or any part of)	9.50

The minimum charge to provide new service for residence customers is \$54.00. This charge is based on the many functions and work hours required to establish new service.

Inside wiring and jacks

Indiana Bell technicians are specially trained to properly install wiring and jacks inside your home or business. Call your Service Representative (see page 1) to make arrangements or obtain further information.

Install everything at once

Every time you have service installed or changed, certain one-time charges apply. Save money by having all installation work done at one time.

If you choose to do your own wiring, you may wish to consult our brochure, "Standards for Customer Premises Inside Wiring," available from your Service Representative.

Prewiring a new home or addition

If you are building a new home or remodeling, we can install telephone wires after electrical wiring and plumbing are installed and before the interior walls are up. This often means your telephone can be installed more neatly. Call your Service Representative (see page 1) for applicable charges and to arrange for this service.

NOTE: One week's notice is recommended for prewiring.

Providing your own telephones

You must provide your own telephone or other terminal equipment to connect to the nationwide telephone network. You can obtain a telephone from one of many competitive suppliers.

The equipment must be approved by the FCC, and you are responsible for its proper connection, maintenance and repair. FCC rules also require that you notify the telephone company before connecting your equipment.

The FCC program does not apply to party line service, thus party line customers cannot provide their own telephones.

If you want information about telephone sets or other types of equipment, contact a retail supplier of your choice. Look in the Bell Yellow Pages under the heading, "Telephone Equipment & Systems."

Optional services at additional charge

Touch-Tone Service...\$1.55 (each line)
Push-button calling.

Non-listed number...\$1.50

Your number is not in the directory but is available from Directory Assistance.

Non-published number...\$2.85

Your number is not available in the directory or through Directory Assistance.

Additional listings...\$1.65

A separate and distinct additional item in the telephone directory.

Services — Local Calls:

In case of emergency, a \$1.25 charge applies each time the Operator verifies a busy line.

An additional \$1.00 charge applies if the Operator is asked to interrupt the line.

Repair Service

Repair centers answer calls 24 hours a day but repair personnel are generally sent out during normal hours only.

Home (residence) service, public (coin) telephones, **1-556-4000***

Business service **1-556-3000***

* All 556 and 1-556 calls are toll free when made from an Indiana Bell served area.

We maintain the local network

Call Repair Service for problems caused by inside wiring and jacks meeting technical standards, or the telephone line outside. We'll correct the problem, usually at no cost.

How to get credit for loss of service

If you are unable to make or receive calls due to a problem in your telephone line, and your service is out more than 24 hours after you have reported it, you are entitled to credit on your next bill for the local service charges. Call your Service Representative (see page 1) if you do not receive credit.

Trouble with telephone sets you own or rent

For repair of telephone equipment you own, return the set according to the warranty and repair instructions you received at the time you bought it. If you're renting telephones, contact your supplier for instructions.

What to do if your service isn't working properly

Trouble with your telephone service may come from any of three sources:

- The telephone set
- Wiring or jacks inside your home or business
- The telephone line outside

Before calling Repair Service, try to determine where the trouble is located — in the phone or in the line.

First, examine your telephone. The problem may be in the equipment if your set's housing, dial or cord is cracked or broken.

If you have only one phone, unplug your set and take it to a neighbor to try, if possible. If it works there, the problem probably is in your line.

If you have more than one telephone, check them all because a problem in one phone can affect the others as well. If you find trouble with a set, unplug it before checking the next one. If next phone works fine, the problem is probably in the last phone you unplugged. If, after checking all of your telephones, the problem still exists, the problem probably is in your line.

If you're unable to determine the source of your service problem

Call Repair Service — we can advise you whether the problem appears to be in the equipment, inside wiring or the telephone company lines.

A Service Visit Charge will apply

If Indiana Bell dispatches a repair technician to your premises and finds that the trouble is in your telephone equipment or with non-standard customer-provided inside wiring, we will charge you \$51 for the visit — and we are not authorized to repair your set.

New Line-Backer™ service plans eliminate service visit charges

Line-Backer™ service \$1.50 per mo. We'll make free repair service calls to your home or business when necessary — at no charge — to diagnose whether problems are due to the line or the telephone set. As always, if the problem is in the telephone line, we fix it free of charge. This service plan is available to all, non-key residence customers

Continued ►

and most single line, non-key business customers.

Line-Backer Plus™ \$2.50 per mo. You never pay for a repair service call, ever. Plus, you'll get a free loaner phone to use for up to sixty days, while your own telephone is being repaired. Line-Backer Plus service is available to one-party, non-key residence

How your bill is compiled

Charges for your local service are billed one month in advance. Long distance toll calls and other miscellaneous charges are billed from the last bill date to the day before the current bill date.

Your billing date and "Past Due After" date

Your billing date is shown at the top of each page of your bill and payment is due 24 to 28 days after the billing date. The "Past Due After" date is shown on page 2 of your bill.

The total amount due for all charges is payable to Indiana Bell.

(Note: If the payment is made by mail or in person at an authorized payment location, allow a few days to ensure that it reaches the company by the past due after date.)

If you can't pay by the "Past Due After" date

Call your Service Representative (see page 1). We may be able to make payment arrangements. We don't charge extra for late payments, but your credit with us could be impaired and you may be asked to pay an additional deposit. Repeated late payments can result in service disconnections.

Paying by mail

We appreciate your payment by mail

A return envelope is included with each monthly bill. Please include page 1 of the bill with your payment or note your telephone number on your check. If the return envelope is not available, address payments to: Indiana Bell Telephone Company, Post Office Box 7091*, Indianapolis, Indiana 46207

*After May 1st mail payments to P.O. Box 7094

customers and to most single line, non-key business customers.

For either plan, there is a one-time start-up charge of \$13 for residence or \$22 for business customers. Order form your Service Representatives.

Restoring service disconnected for nonpayment

You must pay all charges billed for service before your service can be reconnected. To re-establish credit, a deposit will probably be required.

For home service, there is also a \$32 reconnection charge if the bill is paid in full within ten calendar days after disconnection. Beyond ten days, the charge will be based on the type and amount of work. The minimum charge would be \$54.00.

To resolve billing questions or mistakes

If you believe you have been billed incorrectly or have questions about any charge billed to you, please call your Service Representative at the number listed on the page of the bill where the questionable charge appears.

As outlined in Public Service Commission tariffs, you are responsible for payment of all charges, including charges for any calls originating from or accepted at your premises and for charges billed to you for Calling Card messages. For more information about your rights as a telephone customer, see page 6.

You can pay your bill at the authorized payment agencies below:**

When payment is made in person, please bring pages 1 and 2 of your bill.

Payment location:

Culver
Mr. T's Rexall Drugs
806 Academy

** While Indiana Bell also accepts payments received from unauthorized third parties not under contract with the company, we cannot be held responsible in the event of possible disputes over these payments.

Our Service Goals

You are a valued customer. We care about your personal satisfaction with our performance and will strive to serve you well. The following are our service goals:

Dependable, high quality services at reasonable prices

Indiana Bell strives to provide quality telecommunications services at fair and reasonable prices.

Courteous, helpful assistance

Consumers deserve courteous, helpful assistance in all their transactions with Indiana Bell employees.

Full information about your choice of services

Consumers require the information necessary to make sound buying decisions. It is our policy to provide consumers with the information they need about our service options, including the lowest price service available, and pricing and payment options.

Safety in services

We strive to provide and maintain safe, non-hazardous telecommunications services to our customers and to the communities we serve.

Telecommunications privacy

We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully strive to protect communications services from unlawful wiretapping or other illegal interception. We also strive to protect customer service records, credit information and related confidential personal account information.

An accurate bill and reasonable billing procedures

We believe consumers should receive an accurate bill, and one that makes clear when

Reviewing Tariffs and Rules and Standards for Telephone Utilities

Tariffs which show telephone rates, and regulations, and Rules and Standards of Service for Telephone Utilities, as approved by the Public Service Commission of Indiana, are available for public inspection.

If you need help

As mentioned above, your Service Representative has a basic responsibility to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor, the manager or higher levels of management.

payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections, suspension, or disconnection of service for non-payment. In cases of bonafide emergencies, we try to avoid disconnection of service for non-payment.

Fair resolution of complaints

It is our policy that consumers have access to a readily available process to provide them with fair resolution of their complaints and grievances concerning services, billing, and other practices and procedures.

The opportunity to be heard

We believe in listening to consumers and in taking their advice, counsel and criticism into careful consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

If we fall short of these goals, we will appreciate the opportunity to set things straight.

Your Service Representative has a basic responsibility to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor. If your problem can't be solved by the supervisor, ask for the Manager.

If you have a question about a policy, practice or procedure, let us know. We'll be happy to respond. We also will be glad to meet with consumer groups to give information or answer questions about telephone service.

Just contact your Service Representative or write:

Consumer Affairs Director
Indiana Bell, Rm. 1925
220 N. Meridian Street
Indianapolis, IN 46204

If you still are not satisfied, you may file a formal complaint or ask for a conference with the company. If you are not satisfied with the company's decision, you also may ask the Public Service Commission of Indiana for an informal review of the decision. Your request should be made in writing within 7 days of the date the company notified you of its decision. You should indicate that a copy is being sent to Indiana Bell and mail to: Public Service Commission of Indiana, Attn: Consumer Affairs Director, 901 State Office Building, Indianapolis, IN 46204.

The informal review will be conducted by the Public Service Commission within 21 days and a written decision will be mailed to the customer and Indiana Bell within 30 days after receipt of your request.

Directory errors and omissions, limitation of liability

Although every effort is made to make this directory as accurate as possible, errors or omissions sometimes occur. Indiana Bell does not guarantee the accuracy of its listings. Indiana Bell has tariff rules dealing with the limitation of its liability in connection with errors and omissions relating to listings in the alphabetical telephone directory. Indiana Bell's liability for any losses or damages claimed on account of errors or omissions in such directory listings is limited to a pro rata abatement of the charge for such of the customer's service as is affected. The maximum abatement shall not exceed one-half of the exchange access line charges for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing. Any error or omission should promptly be reported to your Service Representative (see page 1).

Speakers Bureau

Many telephone employees are available, without cost, as speakers to community groups. To arrange for a speaker, call — 1-800-562-2612.

Recorded calls require a beep tone or prior consent agreement

If your conversation is being recorded for business or other reasons, you will hear a beep tone every 15 seconds, or, a consent to record is required prior to the recording. The consent must be in writing or be part of the recording. Use of a recorder without a recorder-connector containing a beep tone warning device or without prior consent is not permitted, except on emergency reporting systems, including police and fire department lines.

How to handle obscene or harassing calls

It is a crime under both Indiana and federal laws for anyone to make obscene or harassing phone calls. These laws impose fines of up to \$1,000 and imprisonment for up to 180 days. A brochure about handling obscene or harassing calls is available from your Service Representative.

Yield a party line in an emergency

State law requires you to yield a party line immediately when told the line is needed for an emergency. It is unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine of not more

than \$1,000 or imprisonment for a term not exceeding 180 days, or both.

For your protection**Our employees carry company identification cards**

For your safety, every Indiana Bell employee is required to carry an identification card showing his or her name and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

Fraudulent callers are subject to prosecution

It is illegal for another person to charge long distance calls to your number or credit card without your permission. Persons placing such calls are subject to prosecution under both federal and state laws.

Unlawful wiretapping is subject to prosecution

It is a crime under federal law for any person, including a telephone subscriber, to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one of the parties actually participating in the call. Properly authorized law enforcement officers can engage in interceptions without the consent of either party when proceeding under court orders issued pursuant to applicable provisions of federal law. Under federal law, the penalty for illegal wiretapping can be imprisonment for five (5) years, a \$10,000 fine, or both.

Telephone Safety

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

Use of the telephone near water.

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone handset in water could cause an electrical shock.

Use of the telephone during an electrical storm.

You should avoid using a telephone during an electrical storm. Although we use protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning.

Use of the telephone to report a gas leak.

If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial.

Services for persons with disabilities

10 Dialing long distance calls in your Indiana Bell Call Zone (LATA)*

Dialing direct

Indiana Bell's long distance rates are lowest when you dial the call yourself and speak with anyone who answers.

Operator-assisted calls

The assistance of an operator is required to make the types of calls listed below.

To dial an Operator-assisted call, see instructions at right. Dial the call. When the operator comes on the line, state the type of call you are making. You'll be asked for any other information needed to complete your call.

See page 1 for long distance directory assistance.

Collect calls

You may call collect if the person or firm you are calling agrees to pay the charges.

Third-number calls

You can make a long distance call from another telephone and bill it to your own telephone number or another number if that party agrees to pay for the call.

Person-to-Person calls

This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number.

Time and charges

When placing a long distance call you can ask the Operator to tell you the length of time you talked and how much it cost.

"800" Service

There is no charge to you when you call "800" telephone numbers.

All calls to "800" telephone numbers are station-to-station calls

If you need assistance

Trouble dialing using Indiana Bell service?

If you have trouble dialing directly using Indiana Bell service, call the Operator and explain the difficulty. The call will be placed for you, and will be charged at the dial-direct rate.

Credit for poor connections or wrong numbers inside your Indiana Bell Calling Zone*

When you dial long distance using Indiana Bell service and reach a wrong number, have

Dial-direct calls:

Dial "1"

Operator-assisted calls:

Dial "0"

Dial the area code if it is different from your own, then dial the phone number.

a poor connection or are cut off, hang up and dial "0" (Operator) right away. Explain what happened so the Operator can arrange for the proper credit. The faster the problem is reported, the easier it will be to give you credit.

Credit for poor connections, wrong numbers, verification or help in completing calls outside your Indiana Bell Calling Zone

You must contact your other long distance company for assistance on calls outside your Indiana Bell Calling Zone. Dial "00" to reach your other long distance company's Operator.

Other types of calls

Mobile calls-air-land-marine

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships. Ask the "Operator" for the Mobile or Marine Operator. For information on the other Communications Common Carriers, consult the Yellow Pages under "Paging & Signaling", and "Radiotelephone Communications" headings.

Conference calls

You can talk with several people in different cities at the same time by dialing the Operator and saying you wish to make a conference call. Give the Operator the names and long distance telephone numbers of the people you want to talk to. You may want to arrange a calling time in advance.

Long distance service to other Indiana Bell Calling Zones, states or countries

Calls to places outside your Indiana Bell Calling Zone* are provided by other companies. For more information on these companies, look in the Bell Yellow Pages under the heading, "Telephone Companies."

How to use your Indiana Bell Calling Card

If you have an Indiana Bell Calling Card (credit card) you can place long distance calls and have them charged to your telephone bill. Indiana Bell Calling Cards can be obtained by calling your Service Representative (see page 1).

Calling from Touch-Tone phones

- Dial 0 + the number you wish to reach.
- Wait for a tone and then dial your calling card number.
- If you're calling your calling card home number, just enter the last four digits of your card number.
- If you are making more than one call just touch the # button and the next number you wish to call. No need to re-enter your card number.

Calling from rotary dial phones

- Dial 0 + the number you wish to reach.
- When the Operator comes on the line, say you're placing a calling card call and give your card number.

You may have a restricted Calling Card

Some customers may want to have an Indiana Bell Calling Card that can only be used to call a particular telephone number, such as for students to call home or business people who need to call their company. A restricted Calling Card lets you take advantage of the lower Calling Card rates. You should safeguard your Calling Card as you would any other credit card.

Long Distance rates within Indiana

Rates for all types of calls within Indiana are based on distance, time of day and length of the conversation.

There is a 1-minute minimum charge for all long distance calls. Additional minutes cost less than the first minute.

Lowest rates — dial-direct one-minute rates

Dial-direct calls are those completed from a residence or business phone without operator assistance. On dial-direct calls, you pay only for the minutes you talk.

Additional savings apply evenings, nights and weekends.

Operator Assistance and Indiana Bell Calling Card charges

Service charges will apply when a customer requests assistance in placing a long distance call.

All conversation time will be billed according to dial-direct rates.

The following service charges will be added when assistance is requested:

Indiana Bell Calling Card, Customer dialed
(station to station) \$.55

Operator dialed station-to-station

Prepaid	\$1.05
Collect	\$1.30
Calling Card	\$1.00
Third Number	\$1.05

Operator person-to-person

..... \$2.65

— **Holidays** — New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day calls dialed direct are billed using the night rate. (Does not apply to other days designated to celebration of these holidays.)

— **A federal tax** applies to all charges.

— **A state tax** applies to calls within Indiana from non-coin telephones.

— **Rates and periods** indicated subject to change without notice.

**Rates to other Indiana Bell Calling Zones (LATAs)**

Long distance calls to other Indiana Bell Calling Zones (LATAs) and other states are provided by other companies. Rates for these types of calls are determined by the companies that provide the service.

Charges are based on the rates in effect for the time of day at the originating point. If you start a call during one rate period and continue through to another rate period, you will be billed the rate that applies for each period. For example, if you begin a ten-minute call at 10:58 p.m., you will be billed for two minutes at the 35% discount rate and for eight minutes at the 60% discount rate.

Indiana Area Codes

Each area has three-digit Area Code. The Area Code for this directory is indicated on the front cover of your directory.

The Area Code of the telephone you are calling should be dialed, or given to the Operator if it is different from the Area Code of the telephone you are using. It should not be used if both Area Codes are the same.

When you give someone your telephone number, include your Area Code — it might be needed to place a call to you.

If you want the Area Code for other U.S. cities not listed on these maps, dial the Operator.

If you don't have Line-Backer Plus,TM

something's missing.

Yesterday, it was your favorite place to make calls. Today, it's the no-phone-zone. Because your handiest phone is out for repair, and you don't have Line-Backer Plus. When you have Line-Backer Plus, you're never trapped in a no-phone-zone. You never pay for a service call from Indiana Bell. And you're never without a working phone. You can just call Indiana Bell, no matter what kind of phone problem you have. We'll diagnose the problem for you. Then, we'll either fix the line at no charge to you or we'll lend you a phone for up to 60 days, while you have yours repaired.

Unlimited free service calls. Plus free "loaner" phones. Line-Backer Plus. Without it, you could be missing something.

You know us as the phone company.

Senior Savings®

To make the Ameritech PagesPlus® more helpful to senior citizens and their families, a program has been established to identify businesses that offer a percent discount, monetary discount, or a service to persons 60 years of age or older.

Many businesses will include the new Senior Savings® emblem in their advertisements. (See the example at the bottom of the page.)

Businesses that list only their name, address and telephone number can be identified by one of the following phrases: "We Offer Senior Savings" or "We Give Senior Citizen Discounts." (See example.)

CAPTAIN'S
115 Main **555-6666**
We Offer Senior Savings
or
We Give Senior Citizen Discounts

Also included is a section which contains helpful information for Seniors.

As always, when you're looking for products or services in the Ameritech PagesPlus®, it's best to call ahead to the business if you have questions or want to obtain additional information.

The Ameritech PagesPlus®—"Next to the phone, there's nothing better."™

WHEN YOU SEE THIS EMBLEM
it means that this business offers
a percent discount, monetary
discount, or a service to persons
60 years of age or older.

Senior Information

State Aging Network

The Indiana Department on Aging and Community Services and the Indiana Commission on Aging have served older Hoosiers since 1955. The goal has been to assure that older people maintain independence with dignity.

Sixteen regional planning agencies called Area Agencies on Aging operate in the state of Indiana. They administer programs and contract for services with local agencies and organizations to serve the needs of the senior population.

We are pleased that Ameritech PagesPlus® is introducing this special section to help inform Senior Citizens about programs which are available to them. Now, all older Hoosiers and their families will have the local agency information at their fingertips. Also, we at the Department on Aging and Community Services want you to feel free to contact our office for information regarding any needed service:

(317) 232-7000 or 1-800-622-4972.

We want to thank all of the agencies and organizations that provided the most accurate and up-to-date information available as of publishing date.

For additional information consult the appropriate classification in the Ameritech PagesPlus®.

The Yellow Pages Tells Who Sells

How to find brand-name headings

Locate the proper classification. Under it, you're likely to find the brand name heading of the particular product or service listed alphabetically within the classification. Those who sell the product are listed beneath the brand-name heading.

4 OUT OF 5 LOOK IN THE BOOK

Each year, 112 million people use the Yellow Pages to find things fast. That's 4 out of 5 adults who let their fingers do the walking.

The Yellow Pages

**PEOPLE
WILL
FIND
YOU
FAST,
AND
OFTEN
IN THE
YELLOW
PAGES.**

FOR A SUCCESSFUL YELLOW PAGES ADVERTISING PROGRAM JUST FOLLOW THESE 7 SIMPLE STEPS.

1. Tell the people what you will do for them. How you're different.

2. Be under the proper headings so people can find you fast. Should you be under more than one heading?

3. Use your logotype to gain recognition. Give facts about your qualifications.

4. Tell people about your special services... repairs, rentals.

5. List the products you carry.

6. Tell how easy it is to deal with you... credit, parking, hours, delivery.

7. Give telephone number and address, and if you're hard to locate, give directions.

**WHO
USES THE
YELLOW
PAGES?
JUST
ABOUT
EVERYONE.**

4 OUT OF 5 ADULTS USE THE YELLOW PAGES... to locate a product or service. That's 112 million people or over 80% of the adult* population.

AND THEY USE THE YELLOW PAGES FREQUENTLY... over a 12 month period, Yellow Pages users averaged almost 34 references each, or more than 3.9 billion references.

AND 9 OUT OF 10 TIMES THE YELLOW PAGES GET ACTION... 84% of all references were followed up by a visit, a phone call, or a letter.

THE YELLOW PAGES BUILD BUSINESS SALES... 38% of the Yellow Pages references were for business use.

THE YELLOW PAGES BUILD CONSUMER SALES... 62% of all references were for personal use.

PEOPLE WHO KNOW YOU PREFER TO FIND YOU IN THE YELLOW PAGES... 43% of the references were to the Yellow Pages instead of the white pages even though the name was known.

BUT HALF THE PEOPLE WHO USE THE YELLOW PAGES ARE LOOKING FOR ANYONE... 51% of the references were made without the name in mind.

SO MAKE YOURSELF EASY TO FIND
