HOOSIER
CELEBRATION '88

Share the Spirit

Join in Hoosier Celebration '88, a year-long, statewide commemoration of Indiana and the people who live here.

There's never been a better time to be a Hoosier. Throughout 1988, Indiana citizens will dedicate themselves to rediscovering community spirit, civic pride, and the rich heritage of the heartland.

Indiana Bell is proud to take part in this celebration honoring our magnificent state.

Custom Calling Services

Not available in all areas or exchanges. For information or to place an order:

Residential service

Culver

1-556-4444*

Business service — Call your Service Representative for cost information or to order (see page 1).

Monday — Friday 8:30 a.m. — 5 p.m.

There is no installation charge.

* All 556 and 1-556 calls are toll free when made from an Indiana Bell served area.

Call Waiting \$3 per mo.

When you're on the phone, a beep tone tells you that a second person is calling. Calling party hears only normal ringing.

How to use it:

1. When you want to end the first call and answer the second, just hang up. The second call will immediately ring your phone.
2. To put the first call on "hold," quickly press and release the receiver button. You are now connected with your second call. To return to your first call, press and release the receiver button again. You can switch back and forth between the two calls as often as you want.

Custom Calling Feature Package

Order any two features for \$4.35 a month and additional Custom Calling services are \$1.35 each (Speed Dialing 30 not included in this offer).

Call Forwarding \$2.25 per mo.

Lets you transfer incoming calls to other phones you call dial direct.

How to use it:

1. Rotary service — dial 72 and wait 5 seconds for dial tone. Touch-Tone service — press 72, the "*" button, wait for dial tone.
2. Dial the number that will accept your calls. You will hear two short tones, then normal ringing. Call Forwarding is in effect when the party answers. If the line is busy or there is no answer, repeat these steps. No answer is needed to establish Call Forwarding on the second attempt.
3. To cancel: Rotary dial phone — dial 73 and wait about 5 seconds for two beeps and dial tone. Touch-Tone phone — press 73 and the "*" button, listen for two beeps and dial tone.

Notes:

While your calls are being forwarded, you can still make outgoing calls. Your phone will ring each time someone calls you, but you will not be able to answer the call. The ringing reminds you that the service is in effect.

If you have message rate service, incoming calls to your phone which are forwarded on and completed are counted as an outgoing call in your monthly 30 call limit.

If you forward calls outside your local calling area, you will be charged for any calls from your number to the distant number.

Three-Way Calling . . . \$2.75 per mo.

Lets you add third party to existing conversation without operator assistance.

How to use it:

1. Press and release receiver button to put your call on "hold." Listen for 3 beeps then dial tone.
2. Dial third person's number. You can talk before you include person from first call. (If the line is busy or there's no answer, return to the original call by pressing and releasing the receiver button.)
3. Press and release receiver button to connect all three parties to the line.

Note:

If original party hangs up, you can add another third party by repeating the steps. To disconnect the third party, press the receiver button twice. Your line is then free to add a different third party. All parties are disconnected when you hang up.

Speed Dialing (8) \$2.25 per mo.

Lets you call frequently called numbers by dialing only one or two digits. Available in 8 or 30 number capacities.

How to enter or change numbers:

1. Select a one-digit code (numbers 2 through 9) for Speed Dialing 8. Select a two-digit code (numbers 20-49) for Speed Dialing 30.
2. For Speed Dialing 8, dial "74#" (rotary dial 74). For Speed Dialing 30, dial "75#" (rotary dial 75). Listen for dial tone.
3. Dial the code you have selected and the complete telephone number it will represent. Be sure to dial the number as you would normally place the call, including Area Code, if necessary. Two beeps confirm the entry.
4. To call the numbers you've selected for Speed Dialing, dial the one or two digit code (plus the "*" button if you have Touch-Tone service).

Types of home service

Single line service is available to new customers. It permits an unlimited amount of local calling for the same charge each month.

Some existing customers are served on two-party and four-party lines, but party line service is no longer available to new customers.

Message rate service is available in most areas. This single line allows you to make 30 outgoing calls to local numbers each month without additional

charges. You will be charged for every call after the first 30. If you make few local calls each month, it may be less expensive than single line service.

Call your Service Representative to discuss current rates for the type of telephone service you want.

No charge to disconnect service

There is no charge to disconnect service. Call your Service Representative (see page 1) to disconnect your service.

Charges to install and change your home service

Your Service Representative can tell you which charges will apply on your order.

Service order processing charge	
To install service	\$32.00
To make most other changes	17.00
Central office connection charge	
Connecting your line to our switching office	\$22.00
Jack and wiring charges	
For work we do at the customer's premises. Includes materials and parts.	
—First 15 minutes (minimum)	\$28.00
—Each additional 15 minutes (or any part of)	\$12.00

The **minimum** charge to provide new service for residence customers is **\$54.00**. This charge is based on the many functions and work hours required to establish new service. The minimum charge includes a service order processing charge and a central office connection charge.

Inside wiring and jacks

Indiana Bell technicians are specially trained to properly install wiring and jacks inside your home or business. Call your Service Representative (see page 1) to make arrangements or to obtain further information.

If you plan to do your own wiring, you may wish to consult our brochure, "Standards for Customer Premises Inside Wire," available from your Service Representative.

Install everything at once

Every time you have service installed or changed, certain one-time charges apply. Save money by having all installation work done at one time.

Prewiring a new home or addition

If you are building a new home or remodeling, we can install telephone wires after electrical wiring and plumbing are installed and before the interior walls are up. This often means your telephone can be installed more neatly. Call your Service Representative (see page 1) for applicable charges and to arrange for this service.

NOTE: One week's notice is recommended for prewiring.

Providing your own telephones

You must provide your own telephone or other terminal equipment to connect to the nationwide telephone network. You can obtain a telephone from one of many competitive suppliers. For information about telephone sets or other types of equipment, contact a retail supplier of your choice. Look in the Ameritech Pages Plus™ Yellow Pages under the heading, "Telephone Equipment and Systems."

Indiana Bell customers with existing party-line service cannot provide their own telephone sets and remain on a party line. These customers should contact their present telephone supplier.

Line-Backer Service is Optional

If Indiana Bell dispatches a repair technician to your home and finds that the trouble is in your telephone equipment we will charge you \$51 for the visit (business customers may pay more) — and we are not authorized to repair your set.

You can eliminate repair visit charges and the inconvenience of being temporarily out of service due to non-working telephone equipment by subscribing to an optional service:

Line-Backer™ Service \$1.50 per month

We'll make free repair service calls to your home or business when necessary — at no charge — to diagnose whether problems are due to the line or the telephone set. This service plan is available to all non-key residence customers and most single line, non-key business customers.

Line-Backer Plus™ \$2.50 per month

In addition to the regular Line-Backer Service advantages, we'll provide a free "loaner" phone for up to sixty days while your own telephone is being repaired. Line-Backer Plus Service is available to one-party, non-key residence customers and to most single line, non-key business customers.

For either plan, there is a one-time start-up charge of \$13 for residence or \$22 for business customers. Order from your Service Representative (See page 1).

Operator Assistance for TDD/TTY-users

If you use a TDD and need help placing local, long distance, collect, Calling Card, third number or other Operator-assisted calls, you can reach TDD/TTY Operator Services any time by dialing the toll-free number: 1 + 800-855-1155 (TDD only)

Repair of your inside wire

Indiana Bell can repair your inside wiring and jacks, subject to the charges shown below.

Indiana Bell's Optional Inside Wire Maintenance Plan

When you subscribe to the Inside Wire Maintenance Plan** for 50 cents a month, we will maintain your inside wire. Inside wire is the wiring that runs from your common point of connection to the various jacks (outlets) throughout your home or office.

If you are not a subscriber to the Inside Wire Maintenance Plan, Indiana Bell can still repair your inside wire. The \$51 Repair Visit Charge will apply, in addition to a charge of \$12 for each 15 minute interval required to complete the repair work.

When your problem is caused by your telephone, you will be charged \$51 for the Repair Visit (subscribers to Line-Backer Service pay no Repair Visit Charge).

To order call your service representative (see page 1).

**There is a one-time charge of \$13 for residence customers or \$22 for single-line business customers.

What to do if your service isn't working properly

Trouble with your telephone service may come from any of three sources:

- The telephone set
- Wiring or jacks inside your home or business
- The telephone line outside

Before calling Repair Service, try to determine where the trouble is located — in the phone or in the line.

First, examine your telephone. The problem may be due to a cracked housing, worn cords, broken cord clips, stuck receiver buttons and push buttons.

If you have only one phone, unplug your set at the wall jack and take it to a neighbor to try, if possible. If it works there, the problem could be in your inside wiring or jacks, or with the outside line.

If you have more than one telephone, check each set; a problem in one phone can affect the others as well. If you find trouble with a set, unplug it before checking the next one. If the next phone works fine, the problem is probably in the last phone you unplugged. If all of your telephone sets work properly, then the problem could be with your inside wire or jacks, or with the outside line.

The next step is to take a telephone that works and check each jack (wall outlet) in your home or office. If the telephone works in one jack but not another, then you know that the problem is with a jack or the inside wire. If none of the jacks work, the problem may be with your inside wire or the outside line.

How to get credit for loss of service

If you are unable to make or receive calls due to a problem in the outside telephone line, and your service is out more than 24 hours after you have reported it, you are entitled to credit on your next bill for the local service charges. Call your service representative if you do not receive credit.

Trouble with telephone sets you own or rent

For repair of telephone equipment you own, return the set according to the warranty and repair instructions you received at the time you bought it. If you're renting telephones, contact your supplier for instructions.

How your bill is compiled

Charges for your local service are billed one month in advance. Long distance toll calls and other miscellaneous charges are billed from the last bill date to the day before the current bill date.

Your billing date and "Past Due After" date

Your billing date is shown at the top of each page of your bill and payment is due 24 to 28 days after the billing date. The "Past Due After" date is shown on page 1 of your bill.

The total amount due for all charges is payable to Indiana Bell.

(Note: If the payment is made by mail or in person at an authorized payment location, allow a few days to ensure that it reaches the company by the past due after date.)

If you can't pay by the "Past Due After" date

Call your Service Representative (See page 1 of this directory). We may be able to make payment arrangements. We don't charge extra for late payments, but your credit with us could be impaired and you may be asked to pay an additional deposit. Repeated late payments can result in disconnection.

Restoring service disconnected for nonpayment

You must pay all charges billed for service before your service can be reconnected. To re-establish credit, a deposit will probably be required.

For home service, there is also a \$32 reconnection charge if the bill is paid in full within ten calendar days after disconnection. Beyond ten days, the charge will be based on the type and amount of work. The minimum charge would be \$54.00.

To resolve billing questions or mistakes

Call your Service Representative if you believe you have been billed incorrectly or if you have questions about any charge billed to you.

- On a single page bill, the Service Representative's number appears at the bottom of the page.
- On a multi-page bill, the Service Representative's number appears at the top of page two.

As outlined in Indiana Utility Regulatory Commission tariffs, you are responsible for payment of all charges, including charges for any calls originating from or accepted at your premises and for charges billed to you for Calling Card messages. For more information about your rights as a telephone customer, see page 7 of this directory.

You can pay your bill at the authorized payment agencies below:*

When payment is made in person, please bring pages 1 and 2 of your bill.

Payment locations:

Culver
Culver City Rexall Drugs

*While Indiana Bell also accepts payments received from unauthorized third parties not under contract with the company, we cannot be held responsible in the event of possible disputes over these payments.

Paying by mail

We appreciate your payment by mail

A return envelope is included with each monthly bill. Please include the top portion of the bill with your payment and note your telephone number on your check. If the return envelope is not available, address your payments to:

Our Service Goals

You are a valued customer. We care about your person; satisfaction with our performance and will strive to serve you well. The following are our service goals:

Dependable, high quality services at reasonable prices

Indiana Bell strives to provide quality telecommunications services at fair and reasonable prices.

Courteous, helpful assistance

Consumers deserve courteous, helpful assistance in all their transactions with Indiana Bell employees.

Full information about your choice of services

Consumers require the information necessary to make sound buying decisions. It is our policy to provide consumers with the information they need about our service options, including the lowest price service available, and pricing and payment options.

Safety in services

We strive to provide and maintain safe, non-hazardous telecommunications services to our customers and to the communities we serve.

Telecommunications privacy

We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully strive to protect communications services from unlawful wiretapping or other illegal interception. We also strive to protect customer service records, credit information and related confidential personal account information.

An accurate bill and reasonable billing procedures

We believe consumers should receive an accurate bill and one that makes it clear when payment is due.

Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections, suspension, or disconnection of service for non-payment. In cases of bonafide emergencies, we try to avoid disconnection of service for non-payment.

Fair resolution of complaints

It is our policy that consumers have access to a readily available process to provide them with fair resolution of their complaints and grievances concerning services, billing, and other practices and procedures.

The opportunity to be heard

We believe in listening to consumers and in taking their advice, counsel and criticism into careful consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

If we fall short of these goals, we will appreciate the opportunity to set things straight.

Your Service Representative has a basic responsibility to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor. If your problem can't be solved by the supervisor, ask for the Manager.

If you have a question about a policy, practice or procedure, let us know. We'll be happy to respond. We also will be glad to meet with consumer groups to give information or answer questions about telephone service.

Just contact Service Representative or write:

Reviewing Tariffs and Rules and Standards for Telephone Utilities

Tariffs which show telephone rates, and regulations, and Rules and Standards of Service for Telephone Utilities, as approved by the Indiana Utility Regulatory Commission* are available for public inspection.

If you need help

As mentioned above, your Service Representative has a basic responsibility to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor, the manager or higher levels of management.

If you still are not satisfied, you may file a formal

complaint or ask for a conference with the company. If you are not satisfied with the company's decision, you also may ask the Indiana Utility Regulatory Commission for an informal review of the decision. Your request should be made in writing within 7 days of the date the company notified you of its decision. You should indicate that a copy is being sent to Indiana Bell and mail to: Indiana Utility Regulatory Commission, Attn: Consumer Affairs Director, 903 State Office Building, Indianapolis, IN 46204.

The informal review will be conducted by the Indiana Utility Regulatory Commission within 21 days and a written decision will be mailed to the customer and Indiana Bell within 30 days after receipt of your request.

*reflects the recent legislative change in the Commission's official name, effective 7-1-87.

Directory errors and omissions, limitation of liability

Although every effort is made to make this directory as accurate as possible, errors or omissions sometimes occur. Indiana Bell does not guarantee the accuracy of its listings. Indiana Bell has tariff rules dealing with the limitations of its liability in connection with errors and omissions relating to listings in the alphabetical telephone directory. Indiana Bell's liability for any losses or damages claimed on account of errors or omissions in such directory listings is limited to a pro rata abatement of the charge for such of the customer's service as is affected. The maximum abatement shall not exceed one-half of the exchange access line charges for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing. Any error or omission should promptly be reported to your Service Representative (see page 1).

Speakers Bureau

Many telephone employees are available, without cost, as speakers to community groups. To arrange for a speaker, call
—1-800-562-2612.

For your protection

Our employees carry company identification cards

For your safety, every Indiana Bell employee is required to carry an identification card showing his or her name and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

How to handle telephone sales calls

Millions of people order products and services from their home in response to telephone calls that offer them things they need or want, or provide them with useful information.

If you receive such calls and are not interested, just cut in and say so. If you don't want other calls from that company, ask the person to take your name off their list.

You may reduce the number of at-home telephone solicitation calls from national companies by writing to:

Telephone Preference Service
Direct Marketing Association
6 East 43rd Street
New York, NY 10017

For information on regulation of telephone solicitations by Indiana companies and organizations, contact the Consumer Protection Division, office of the Indiana Attorney General.

Recorded calls require a beep tone, prior consent agreement, or declaration of intent to record

Under a tariff approved by the Indiana Utility Regulatory Commission, if your conversation is being recorded for business or other reasons, one of the following three circumstances must occur: (1) you must hear a beep tone every 15 seconds; or (2) your consent to record must be obtained prior to the recording; or (3) you must be informed at the beginning of the conversation that the recording party intends to record the conversation. Your consent must be in writing or be part of the recording. The verbal notification of intent to record must be made a part of the recording at the beginning of the conversation. Use of a recorder without a recorder-connector containing a beep tone warning, or without prior consent, or without informing the called party of the intent to record is not permitted, except on emergency reporting systems, including police and fire department lines.

Yield a party line in an emergency

State law requires you to yield a party line immediately when told the line is needed for an emergency. It is unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine of not more than \$1,000 or imprisonment for a term not exceeding 180 days, or both.

Fraudulent callers are subject to prosecution

It is illegal for another person to charge long distance calls to your number or credit card without your permission. Persons placing such calls are subject to prosecution under both federal and state laws.

Unlawful wiretapping is subject to prosecution

It is a crime under federal law for any person, including a telephone subscriber, to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one of the parties actually participating in the call. Properly authorized law enforcement officers can engage in interceptions without the consent of either party when proceeding under court orders issued pursuant to applicable provisions of federal law. Under federal law, the penalty for illegal wiretapping can be imprisonment for five (5) years, a \$10,000 fine, or both.

How to handle obscene or harassing calls

If you receive obscene, harassing or threatening calls, follow these suggestions:

1. **Hang up** at the first obscene word or if the caller doesn't say anything the second time you say hello.
2. **Give no information** such as your name and address until the caller has been identified.
3. **Advise your children** to give no information to strangers. If you're not home, they should say "Mother/Father can't come to the phone right now."

Continued on page 9

4. If calls persist call your Business Office or your Police Department.

It is a crime under both Indiana and federal laws for anyone to make obscene or harassing phone calls. These laws impose fines of up to \$1,000 and imprisonment for up to 180 days. A brochure about handling obscene or harassing calls is available from your Service Representative.

Telephone Safety

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

Use of the telephone near water.

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone handset in water could cause an electrical shock.

Use of the telephone during an electrical storm.

You should avoid using a telephone during an

electrical storm. Although we use protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning.

Use of the telephone to report a gas leak.

If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial.

Community service organizations

For a list of organizations serving community health, counseling and crisis needs (including HELP-lines), see the Yellow Pages under the heading "Social Service Organizations."

Dialing long distance calls in your Indiana Bell Calling Zone (LATA)*

Dialing direct

Indiana Bell's long distance rates are lowest when you dial the call yourself and speak with anyone who answers.

Operator-assisted calls

The assistance of an operator is required to make the types of calls listed below.

To dial an Operator-assisted call, see instructions at right. Dial the call. When the operator comes on the line, state the type of call you are making. You'll be asked for any other information needed to complete your call.

See page 1 for long distance directory assistance.

Collect calls

You may call collect if the person or firm you are calling agrees to pay the charges.

Third-number calls

You can make a long distance call from another telephone number and bill it to your own telephone number or another number if that party agrees to pay for the call.

Person-to-Person calls

This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number.

Time and charges

When placing a long distance call you can ask the Operator to tell you the length of time you talked and how much it cost.

"800" Service

There is no charge to you when you call "800" telephone numbers. All calls to "800" telephone numbers are station-to-station calls.

Other types of calls

Mobile calls-air-land-marine

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships. Ask the "Operator" for the Mobile or Marine Operator. For information on the other Communications Common Carriers, consult the Yellow Pages under "Paging & Signaling", and "Radiotelephone Communications" headings.

Conference calls

You can talk with several people in different cities at the same time by dialing the Operator and saying you wish to make a conference call. Give the Operator the names and long distance telephone

Dial-direct calls: Operator-assisted calls:

numbers of the people you want to talk to. You may want to arrange a calling time in advance.

Long distance service to other Indiana Bell Calling Zones, states or countries

Calls to places outside your Indiana Bell Calling Zone* are provided by other companies. For more information on these companies, look in the Bell Yellow Pages under the heading "Telephone Companies."

If you need assistance

Trouble dialing using Indiana Bell service?

If you have trouble dialing directly using Indiana Bell service, call the Operator and explain the difficulty. The call will be placed for you, and you will be charged at the dial-direct rate.

Credit for poor connections or wrong numbers inside your Indiana Bell Calling Zone*

When you dial long distance using Indiana Bell service and reach a wrong number, have a poor connection or are cut off, hang up and dial "0" (Operator) right away. Explain what happened so the Operator can arrange for the proper credit. The faster the problem is reported, the easier it will be to give you credit.

Credit for poor connections, wrong numbers, verification or help in completing calls outside your Indiana Bell Calling Zone

You must contact your other long distance company for assistance on calls outside your Indiana Bell Calling Zone. Dial "00" to reach your other long distance company's Operator.

*See page 10.

Tel-A-Visit calling packages

Indiana Bell's lowest rates on not-so-long-distance calls

1 hour or more of direct-dialed calls monthly, in your Indiana Bell Calling Zone (see Page 9), at bargain rates. Available to 1 and 2 party residential customers during designated calling hours. There is a one-time start-up charge of \$13.

Basic Tel-A-Visit \$2.49 mo.
Tel-A-Visit calls extending past 1 hour cost 25¢ for each additional 6 minutes.

How to use your Indiana Bell Calling Card

If you have an Indiana Bell Calling Card (credit card) you can place long distance calls and have them charged to your telephone bill. You should safeguard your Calling Card as you would any other credit card. To obtain an Indiana Bell Calling Card, or to replace one that's lost or stolen, contact your Service Representative (see page 1).

Calling from Touch-Tone phones

- Enter 0 + the number you wish to reach.
- Wait for a tone and then dial your calling card number.
- If you're calling your calling card home number, just enter the last four digits of your card number.
- If you are making more than one call just touch the # button and the next number you wish to call. No need to re-enter your card number.

Convenient early evening calling hours. Call any day after 5 p.m. and 'round the clock on weekends.

Tel-A-Visit PM I

The 1-hour package \$6.30 mo.
Tel-A-Visit calls extending past 1 hour cost 63¢ for each additional 6 minutes

Tel-A-Visit PM II

The 2-hour package \$11.40 mo.
Tel-A-Visit calls extending past 2 hours 57¢ for each additional 6 minutes.

Calling from rotary dial phones

- Dial 0 + the number you wish to reach.
- When the Operator comes on the line, say you're placing a calling card call and give your card number.

You may have a restricted Calling Card

Some customers may want to have an Indiana Bell Calling Card that can only be used to call a particular telephone number, such as for students to call home or business people who need to call their company. A restricted Calling Card lets you take advantage of the lower Calling Card rates. You should safeguard your Calling Card as you would any other credit card.

Long Distance rates within Indiana

Rates for all types of calls within Indiana are based on distance, time of day and length of the conversation.

There is a 1-minute minimum charge for all long distance calls. Additional minutes cost less than the first minute.

Lowest rates — dial-direct one-minute rates

Dial-direct calls are those completed from a residence or business phone without operator assistance. On dial-direct calls, you pay only for the minutes you talk.

Additional savings apply evenings, nights and weekends.

The rates on these pages were correct as of the date this directory was printed. Current rates and charges are always available from your Service Representative (see page 1).

Operator Assistance and Indiana Bell Calling Card charges

Service charges will apply when a customer requests assistance in placing a long distance call.

All conversation time will be billed according to dial-direct rates.

The following service charges will be added when Operator assistance is requested:

Indiana Bell Calling Card, Customer-dialed
(station-to-station) \$.55

Operator dialed station-to-station

Prepaid	\$1.05
Collect	\$1.30
Calling Card	\$1.00
Third Number	\$1.05

Operator person-to-person

.....	\$2.65
-------	--------

Charges are based on the rates in effect for the time of day at the originating point. If you start a call during one rate period and continue through to another rate period, you will be billed the rate that applies for each period. For example, if you begin a ten-minute call at 10:58 p.m., you will be billed for two minutes at the 35% discount rate and for eight minutes at the 60% discount rate.

- **Holidays** — New Year's Day/July 4th/ Labor Day/Thanksgiving/Christmas Day calls dialed direct are billed using the night rate. (Does not apply to other days designated for celebration of these holidays.)

- **A Federal tax** applies to all charges.

- **A State tax** applies to calls within Indiana from non-coin telephones.

- **Rates and periods** indicated subject to change without notice.

Rates to other Indiana Bell Calling Zones (LATAs)

Long distance calls to other Indiana Bell Calling Zones (LATAs) and other states are provided by other companies. Rates for these types of calls are determined by the companies that provide the service.

Indiana Area Codes

Each area has a three-digit Area Code. The Area Code for this directory is indicated on the front cover of your directory.

The Area Code of the telephone number you are calling should be dialed, or given to the Operator if it is different from the Area Code of the telephone number from which you are calling. It should not be used if both Area Codes are the same.

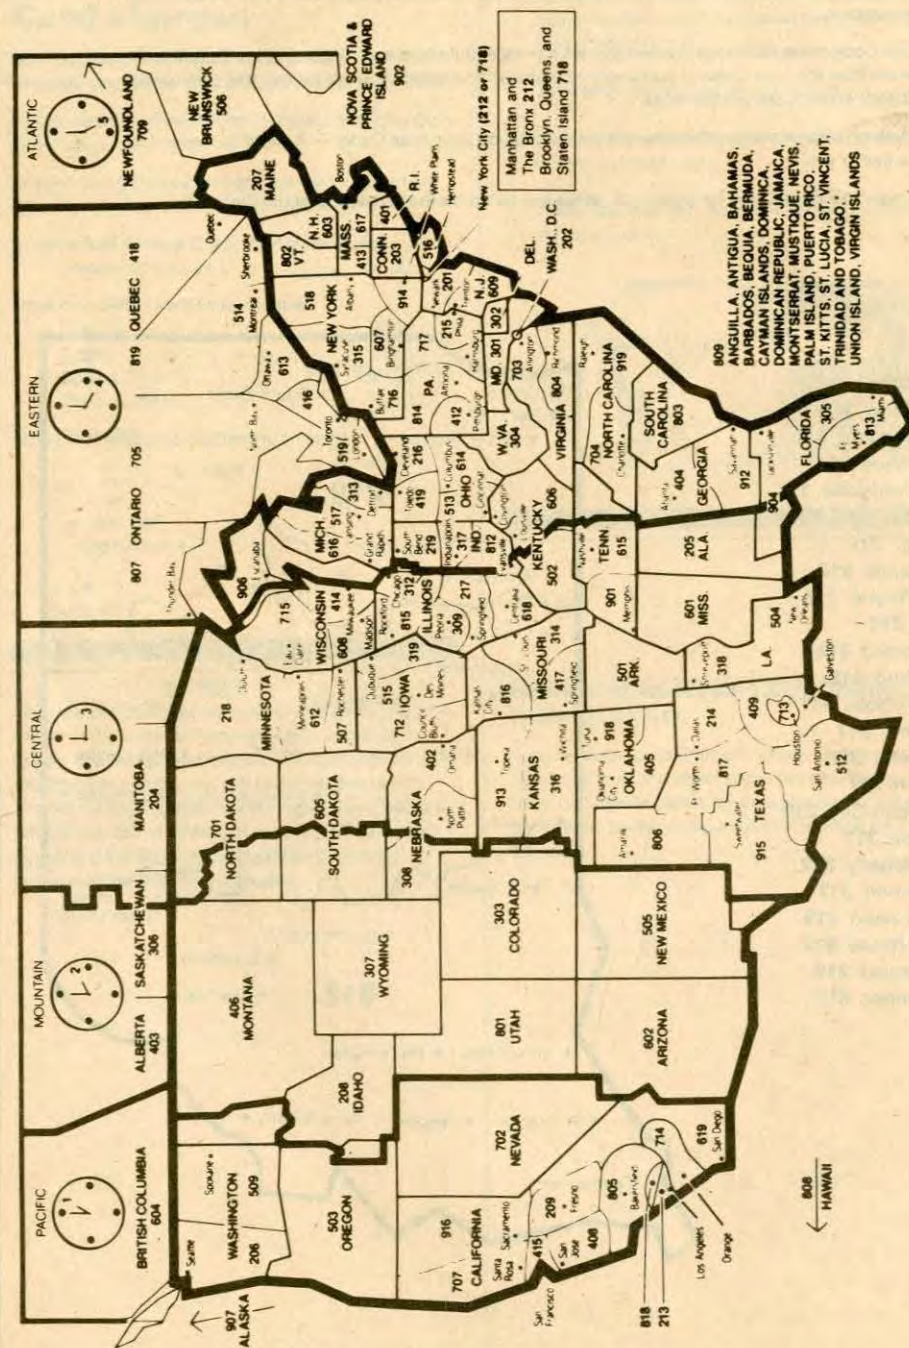

When you give someone your telephone number, include your Area Code — it might be needed to place a call to you.

If you want the Area Code for other U.S. cities not listed on these maps, dial the Operator.

Senior Savings®

To make the Ameritech PagesPlus® more helpful to senior citizens and their families, a program has been established to identify businesses that offer a percent discount, monetary discount, or a service to persons 60 years of age or older.

Many businesses will include the new Senior Savings® emblem in their advertisements. (See the example at the bottom of the page.)

Businesses that list only their name, address and telephone number can be identified by one of the following phrases: "We Offer Senior Savings" or "We Give Senior Citizen Discounts." (See example.)

CAPTAIN'S
115 Main 555-6666

We Offer Senior Savings

or

We Give Senior Citizen Discounts

Also included is a section which contains helpful information for Seniors.

As always, when you're looking for products or services in the Ameritech PagesPlus®, it's best to call ahead to the business if you have questions or want to obtain additional information.

The Ameritech PagesPlus®—"Next to the phone, there's nothing better."™

WHEN YOU SEE THIS EMBLEM
it means that this business offers
a percent discount, monetary
discount, or a service to persons
60 years of age or older.

Senior Information

State Aging Network

The Indiana Department on Aging and Community Services and the Indiana Commission on Aging have served older Hoosiers since 1955. The goal has been to assure that older people maintain independence with dignity.

Sixteen regional planning agencies called Area Agencies on Aging operate in the state of Indiana. They administer programs and contract for services with local agencies and organizations to serve the needs of the senior population.

We are pleased that Ameritech PagesPlus® is introducing this special section to help inform Senior Citizens about programs which are available to them. Now, all older Hoosiers and their families will have the local agency information at their fingertips. Also, we at the Department on Aging and Community Services want you to feel free to contact our office for information regarding any needed service:

(317) 232-7000 or 1-800-622-4972.

We want to thank all of the agencies and organizations that provided the most accurate and up-to-date information available as of publishing date.

For additional information consult the appropriate classification in the Ameritech PagesPlus®.

Social Security Information

It is important for people to know when they should get in touch with Social Security. Not knowing when to contact Social Security could mean lost benefits which could never be recovered.

Most all Social Security business can be done by telephone. People can save themselves time and money by calling to:

- Start an application for Social Security benefits or supplemental security income payments. The applications can be started by telephone and completed by mail.
- Apply for Medicare.
- Report a name or address change.
- Report a change in marital status.
- Report that a person has stopped or started work or to report other events that may affect receipt of checks.
- Report a lost or stolen check or delayed payment.
- Report a lost or missing Social Security Medicare card.
- Get help in completing Medicare claims forms.
- Request a copy of a person's Social Security earnings record.
- Get help in requesting a review of the decision made on a Social Security claim.
- Get the answer to any Social Security question.

For more information contact your local Social Security office.

Medicare Information

Medicare is a Federal health insurance program for people 65 or older and certain disabled people.

Medicare has two parts:

Part A—Hospital Insurance

Part B—Medical Insurance

Hospital Insurance can help pay for inpatient hospital care, inpatient care in a skilled nursing facility, home health care and hospice care.

Medical Insurance can help pay for medically necessary doctors' services, outpatient hospital services, and a number of other medical services and supplies that are not covered by the hospital insurance part of Medicare. Medical insurance also can pay for home health services.

Medicare is run by the Health Care Financing Administration.

For more information contact your local Social Security office.

PAGES.**

FOR A SUCCESSFUL YELLOW PAGES ADVERTISING PROGRAM JUST FOLLOW THESE 7 SIMPLE STEPS.

1. Tell the people what you will do for them. How you're different.

2. Be under the proper headings so people can find you fast. Should you be under more than one heading?

3. Use your logotype to gain recognition. Give facts about your qualifications.

4. Tell people about your special services... repairs, rentals.

5. List the products you carry.

6. Tell how easy it is to deal with you... credit, parking, hours, delivery.

7. Give telephone number and address, and if you're hard to locate, give directions.

Question: "Where can I buy . . . ?"

Answer: "Look in the Yellow Pages."

How to find
brand-name
headings

Locate the proper
classification. Under
it, you're likely to find
the brand name
heading of the par-
ticular product or
service listed alpha-
betically within the
classification. Those
who sell the product
are listed beneath
the brand-name
heading.

JUST
ABOUT
EVERYONE.**

4 OUT OF 5 ADULTS USE THE YELLOW PAGES... to locate a product or service. That's 112 million people or over 80% of the adult* population.

AND THEY USE THE YELLOW PAGES FREQUENTLY... over a 12 month period, Yellow Pages users averaged almost 34 references each, or more than 3.9 billion references.

AND 9 OUT OF 10 TIMES THE YELLOW PAGES GET ACTION... 84% of all references were followed up by a visit, a phone call, or a letter.

THE YELLOW PAGES BUILD BUSINESS SALES... 38% of the Yellow Pages references were for business use.

THE YELLOW PAGES BUILD CONSUMER SALES... 62% of all references were for personal use.

PEOPLE WHO KNOW YOU PREFER TO FIND YOU IN THE YELLOW PAGES... 43% of the references were to the Yellow Pages instead of the white pages even though the name was known.

BUT HALF THE PEOPLE WHO USE THE YELLOW PAGES ARE LOOKING FOR ANYONE... 51% of the references were made without the name in mind.

SO MAKE YOURSELF EASY TO FIND
