BILLING & PAYMENTS

1. How your bill is compiled

Local service is billed one month in advance. Long distance and other service charges are billed for the past month.

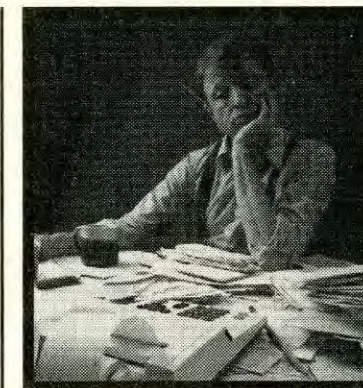

2. Paying your bill

You may pay your bill by mail or possibly in person. To locate the nearest bill payment location, call the appropriate billing telephone number for your telephone services provider listed previously in this directory. Always note your area code and phone number on the check. When paying by mail, return the remittance portion of your bill and your check to your telephone service provider at the appropriate following address. You are responsible for payment of all charges, including any calls originating from or accepted at your premises and billed to you through your calling card.

3. If you can't pay on time

Call the appropriate billing telephone number for your telephone service provider listed previously in this directory. Your telephone service provider may be able to help you. You may avoid having your phone disconnected.

4. Disconnection of Service

Before telephone service is to be disconnected, a notice will be sent by first class mail. You may be required to pay all undisputed charges billed before your service can be reconnected. To re-establish service, a deposit may be required. There may also be a charge to reconnect service.

CALLING INFORMATION

Information

When you can't find a number or the listing is new, Information can help you.

For numbers within your area code
DIAL - 411

For numbers outside your area code
DIAL - 1 + area code + 555-1212

For 800, 877 and 888 numbers
DIAL (Toll Free) - 800 + 555-1212

Local & Long Distance Calls

Local Calls

To place a local call within your area code, dial **the seven-digit number**. For local calls outside your area code, dial the **area code + the seven-digit number**.

Long Distance Inside Your Calling Area

To place a direct-dial long-distance call, dial **1 + area code + the seven-digit number**. (Some calls within your area code may be long distance calls. For these calls, you must dial **1 + your area code + the seven-digit number**.) Long distance rates are lowest when you dial the call. For toll-free 800, 877 or 888 numbers, dial **1 + 800, 877 or 888 + the seven-digit number**.

Rates To Other Calling Areas

Long distance service to other calling areas, states and countries are provided by long distance companies. Rates are determined by the company that provides the service.

Operator Assisted And Calling Card Charges

Service charges apply when the operator helps place a local or long distance call within your calling area. Conversation is billed at direct-dial rates.

Customer Services

OPERATOR ASSISTANCE

To make an operator-assisted call in your calling zone, dial **0 + area code + the seven-digit number**.

When the operator answers, state the type of call you are making. For an additional service charge, the operator will place the following types of calls:

- **Air-Land-Marine Mobile Service.** The operator helps you complete a local or long distance call to an aircraft, vehicle or boat.
- **Busy Line Interrupt.** The operator interrupts the conversation on a busy line to say you are trying to call.
- **Busy Line Verification.** The operator determines if a conversation is occurring on a busy line.
- **Collect Call.** The person or firm you are calling agrees to pay for the call.
- **International Call.** You can usually direct dial, but your long distance company operator can handle the call or provide information.
- **Person-To-Person Call.** The operator will complete the call to the person or extension number you request. If you do not reach the right person or extension, you will not be charged for the call.
- **Third Number Billing.** You bill the call to a phone other than the one you are calling to or from.
- **Third Number Billing From A Pay Phone.** The operator will call the number you are charging. If no one answers or accepts the charges, you will have to make other billing arrangements.
- **Time and Charges.** Inform the operator in advance that you want to know the length and cost of your call. Stay on the line after the call.
- **Trouble On Your Call.** Hang up. Then pick up the phone again and dial **"0"** for an operator. Explain the situation so the operator can help you.

RIGHTS & RESPONSIBILITIES

Automatic Dialing - Announcing Device Calls

Under Indiana law, use of an automatic dialing-announcing device to transmit prerecorded or synthesized voice messages for the purpose of selling goods or services is prohibited before 9 am or after 8 pm. These calls may be prevented by customers, and callers may be fined for violating the law. To learn more about this law, you may contact a private attorney or your local prosecuting attorney.

Blocking 900 & 976 Calls

The 900 and 976 numbers can offer a variety of information. But, there is a charge for every call.

Home and business customers can block calls to all 900 and 976 numbers through an optional service at no charge. To order, contact your telephone company at the number listed for Order Placement or Sales and Service on the Telephone & Directory Services page.

Credit For Loss of Service

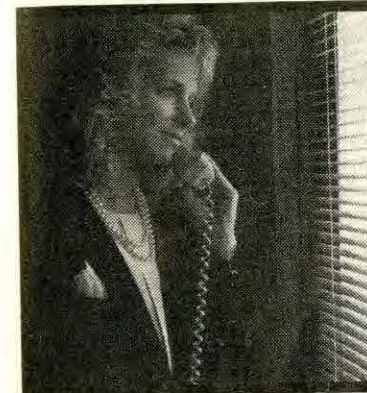

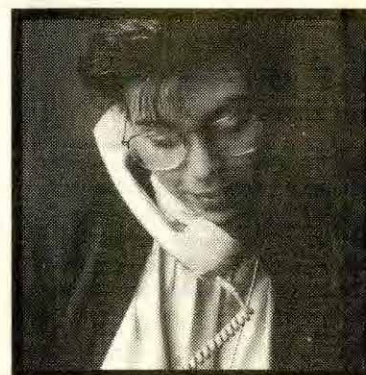

If you are unable to make or receive calls due to problems in the outside telephone line - and are without service for more than 24 hours after reporting it - you are entitled to credit on your next bill for the local telephone service charge. Call the appropriate telephone number listed for billing on the Telephone & Directory Services page.

Directory Errors & Omissions

Ameritech cannot guarantee the accuracy of its White Page listings. Tariff rules for Ameritech deal with the limitations of its liability for errors or omissions and are on file with the Indiana Utility Regulatory Commission. Any errors or omissions should be reported to the appropriate telephone number listed for services on the Telephone & Directory Services page.

Employee Identification

For your safety, every telephone company employee carries an identification card showing his or her name and photograph. Many employees wear clothing that displays the telephone company logo. If you have any doubt whether someone is from the phone company, ask to see the person's identification card.

Fraudulent Callers

Persons who charge services to your number or calling card without your permission are subject to prosecution under both federal and state laws.

Customer Services

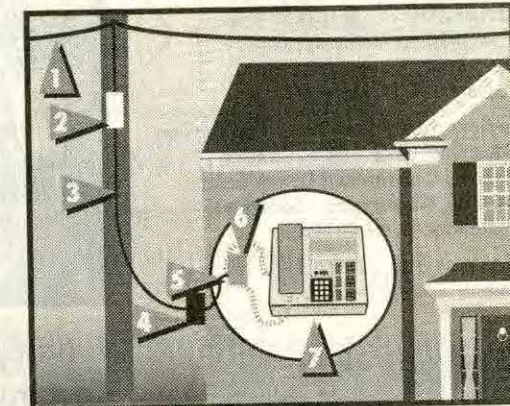

Who Is Responsible For Repairs?

Your Phone Company

- 1 Cable
- 2 Terminal
- 3 Drop Wire
- 4 Network Interface*

Customer

- 5 Inside Wire
- 6 Jack
- 7 Telephone (Answering Machine, Fax etc.)

Before You Call

Try to locate the problem before calling Repair Service:

- If your phone set is the problem, contact the manufacturer or the store where you bought the phone. Your phone company does not repair phone sets.
- Should you have a problem with the premises wiring or jacks, you can fix it yourself, pay the phone company to fix the problem or hire someone such as an electrician to make repairs.

Repair Charges

You will not be charged if:

- the trouble is in an outside phone line.
- you have a maintenance plan (some limitations apply).

If you do not have an optional maintenance plan, and the problem is in your phone or inside wiring, you will be charged for the repair service call. If you request repair of inside wire, you will be charged for the time to complete the work, plus material charges.

For information regarding maintenance plans, call the telephone number for order placement or services listed on the Telephone & Directory Services page.

*The Network Interface, located either inside or outside the building, is where the outside line is connected.

Handling Telephone Sales Calls

If you do not want telephone sales calls, ask the caller to remove your name from the company's list. Reduce calls from national companies by writing to:

Telephone Preference Service
Direct Marketing Association
P.O. Box 9014
Farmingdale, NY 11735-9014

Fair Resolutions Of Complaints

Customers should have access to a readily available process for fair resolution of complaints and grievances concerning services, billing, and other policies and procedures.

If you have a complaint about the service you receive, contact your local phone company at the telephone number listed on the Telephone & Directory Services page.

Rights & Responsibilities continued on next page

Customer Services

Rights & Responsibilities continued

If no telephone company employee can solve the problem to your satisfaction you may refer your complaint to the Indiana Utility Regulatory Commission (IURC). To reach the IURC write to:

Indiana Utility Regulatory Commission
Attn: Consumer Affairs Director
Indiana Government Center South
302 W. Washington - Suite E306
Indianapolis, IN 46204

You may also call the IURC office toll free at **800-851-4268**.

Obscene & Harassing Calls

It is a criminal offense for anyone to make obscene or harassing phone calls. If you receive such a call,

- Hang up at the first obscene word or if silence lasts past your second "hello."
- Give no information, such as your name or address.
- Advise your children to give no information to strangers. If you are not home, they should say, *"Mother/Father cannot come to the phone right now."*
- If such calls persist, contact your local Law Enforcement Agency to file a complaint. Then call your local service provider at the number listed for Annoyance Calls or Sales and Service on the Telephone & Directory Services page.

A brochure about handling obscene or harassing calls is available by calling the Ameritech Annoyance Call Bureau at **800-769-4099**.

Reviewing Tariffs, Rules & Standards

Tariffs which show rates, regulations, rules and standards for telephone companies, as approved by the Indiana Utility Regulatory Commission, are available for public inspection.

Telephone Safety

The telephone is one of the safest appliances in your home or office. In a few situations, however, a telephone user needs to be cautious.

- Do not use the telephone when you are in a bathtub, shower or pool.
- Avoid using a telephone during electrical storms.
- In the event of a flood, tornado, earthquake or other disaster, do not use your phone except for an emergency.
- If you think you've found a gas leak, do not use a telephone near the leak.

Privacy of Communication

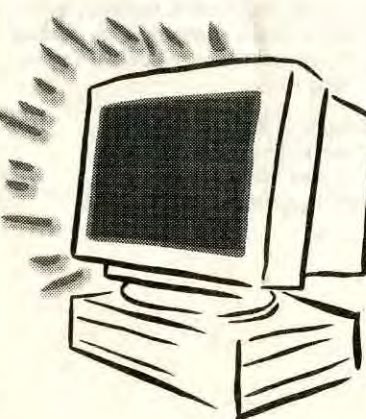

Wiretapping and/or eavesdropping is governed by federal and state laws. Consult with your attorney to determine applicability.

Removing Your Name From Lists Provided To Others

Call your local telephone service provider to have your name removed from lists provided to other companies.

Yielding A Party Line

State law requires you to yield a party line immediately when told the line is needed for an emergency. It is unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense is a fine or imprisonment - or both.

Your local telephone services are regulated services subject to the terms and conditions of tariffs on file with the Indiana Utility Regulatory Commission.

International Calling

HOW TO MAKE DIRECT-DIAL CALLS

Example 1: To call a number in Sydney, Australia, dial:

011 + 61 + 2 + LOCAL NUMBER

Wait at least 45 seconds for ringing to start.

Example 2: To call a number in Singapore, (there is no city code), dial:

011 + 65 + LOCAL NUMBER

HOW TO MAKE AN OPERATOR-ASSISTED CALL

Call your long distance company for instructions on making international person-to-person, collect, calling card, and third-number calls.

Obtain foreign country and city codes not listed and any special instructions from your long distance company. Dial "00" (zero-zero) to reach that company.

Emergency Preparedness

Tornado Flash Flood Earthquake Winter Storm Fire Hazardous Materials Spill

When disaster strikes, you may not have much time to act for the protection of yourself and your family. BEFORE a disaster occurs is the time to make preparations. This simple checklist will help your family plan for emergencies. For more information please contact your local emergency management or civil defense office.

Create An Emergency Plan

- Sit down as a family and discuss what types of emergencies are likely to occur. Develop a Family Disaster Plan. This plan should include special needs of elderly, young, sick or handicapped persons within your family.
- All adult family members should learn to turn off utilities (electric, gas, water) to your home.
- Prepare a Disaster Supplies Kit
- Make arrangements for the safety of your pets.
- A CPR and Lifesaving course should be taken annually by at least one person in your home.

What To Do If Disaster Strikes

- Remain as calm as possible and be patient. Follow your family disaster plan.
- Listen to your local radio or television station for information. Follow instructions given by local officials.
- If needed, give first aid to your family members.
- Check for damages to your home.
- Do not use matches or turn on electrical lights until you are assured there are NO GAS LEAKS. Begin checking with your water heater, if it is gas operated.
- Use 911 ONLY for life threatening emergencies.

What To Do If An Evacuation Is Necessary

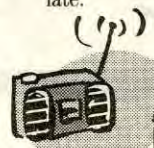

- Evacuate immediately, if told to do so. Use travel routes specified by local officials.

- Wear sensible clothing and sturdy shoes, appropriate for the weather.
- Take along your Disaster Supplies Kit.
- Turn OFF ALL appliances. Lock your doors and windows.
- Take a form of identification and any medicine taken regularly by family members.
- Let others know when you left and where you are going.
- Follow the safety plan that you developed for your pets.
- Do not return to your home until local officials have given an "ALL CLEAR".

What To Do If Sheltering In Place Is Necessary

- You may be asked to SHELTER IN PLACE if there is a release of hazardous chemicals in your area.
- Bring ALL family members and pets INSIDE, then close and lock all doors and windows.
- Listen to your local radio or television station for information. Follow instructions given by local officials.
- Turn off all heating, cooling and ventilation systems. This includes attic and window fans. Close dampers in fireplaces.
- Everyone should go into a pre-designated shelter room and place a combination of plastic and duct tape around all doors, windows and electrical outlets in that room.
- Do not leave your shelter area until local officials have given an "ALL CLEAR".
- After the "ALL CLEAR" is given open doors and windows to ventilate.

After An Emergency Is Over

- Stay away from downed power lines. Report any downed lines as soon as possible.
- Report any broken gas, sewer or water lines to local utility companies.

- If the gas has been turned off, it needs to be turned on by a gas company employee.
- Stay tuned to your local radio or television stations for advice and instructions.
- Please DO NOT sightsee. Avoid driving, leave the roads clear for emergency vehicles.

Your Disaster Supplies Kit Should Include...

- Flashlight and extra batteries.
- Battery operated radio and batteries.
- Special medications for three days.
- Non-electric can opener, utility knife.
- Shut-off wrench to turn off gas and water.
- First aid kit.
- One gallon of water per person, per day, keep at least a three-day supply for each person in your family.
- Ready to eat canned meats, fruits and vegetable, especially for infants, elderly persons and persons on special diets.
- Canned milk, juice, soups.
- Enough cash to last your family for three days.
- Fresh change of clothes for your family.
- Blankets or sleeping bags.

Suggestions And Reminders

- Store your kit in a convenient place known to all family members.
- Change your stored water supply every six months so it stays fresh.
- Rotate your stored food every six months.
- Ask your physician or pharmacist about storing prescription medications.

Discover Just How Easy it is to Use the Ameritech PagesPlus® White Pages.

*You'll save time in getting the information
you need by keeping in mind these simple tips:*

- Initials precede first names:
"Jones A" comes before "Jones Albert"
- A name with a prefix is one word:
"MacNeil" follows "Macnab"
- Letters listed as names appear at the beginning
of each section:
"W & W Appliance" appears before "Wabash D"
- "The" comes last in the Listing:
"The Brown Company" is listed as "Brown Company The"
- Spellings may vary. Check the variations displayed
above the listing:
"Brown" may be listed as "Browne" or "Braun"
- Numbers, although not always spelled out,
appear alphabetically by spelling:
"21 Cleaners" appears under the listing beginning with "T"

Logo Listings

White pages logo listings serve as billboards to make it easier for your customers to locate your company quickly. In fact, a recent survey showed that **90%** of consumers believe that logos in the White Pages make the listings easier to use.** Logos also enhance your business's image and provides consistency with your total advertising program.

Mini-Feature Bold Listings

With a mini-feature bold listing, consumers will find your business listing easily. The mini-feature bold listing sets your business apart from the rest with UPPER CASE, bold letters that are highlighted with ruled lines.

Feature Bold Listings

The White Pages feature bold listings offer all the advantages of a mini-feature, only BIGGER and BETTER. The feature bold listing draws the attention of your customers in no time at all.

Bold Type Listings

Direct the attention of your customers with a bold-type listing. A bold-type listing is set in all UPPER CASE, bold letters to help your customers locate your business fast.

Extra-Line Information

Extra-line information provides your customers with the information they need to know when they're ready to buy, such as your business hours or location. So whatever type of listing you choose, add extra lines to give your customers the information they need.

Draw customers quickly to your business with an Ameritech PagesPlus® White Pages enhanced listing!

For details, contact your Account Executive listed under the Ameritech PagesPlus® heading in the White Pages.
